#### **Riverhead**

Evans K. Griffing Building  
310 Center Drive, Riverhead 11901  
Thursday  
October 20, 2016  
6 p.m.

The Long Island Commission for Aquifer Protection (LICAP) was created three years ago to address both quality and quantity issues facing Long Island's aquifer system and to advocate for a coordinated, regional approach to groundwater resources management. The purpose of these hearings is to collect public input on this topic and the commission's draft State of the Aquifer report.

Persons wishing to present testimony should appear at one of the hearings listed above and fill out an index card listing the speaker's name, title (if applicable), organization (if applicable), address, email address and telephone number. Oral testimony will be limited to five minutes' duration. Speakers will be recognized in the order in which cards are received by appropriate personnel at the hearing.
