 Enter into an agreement with the Town of Southold for the installation of 44,000 linear feet of transmission water main from Flanders to Main Road, Laurel at an approximate cost of \$27,489,707.81.

INVOICES - To be paid from the Operating Fund:

9a. <u>Dvirka &amp; Bartilucci</u>	\$5,025.50
9b. <u>Milber Makris Plousadis &amp; Seiden, LLP</u>	817.50

NEXT MEETING – Scheduled for Thursday December 30, 2021, at 3:00 p.m. at Oakdale.

NEW BUSINESS & PUBLIC COMMENT

EXECUTIVE SESSION

REGULAR MEETING  
SUFFOLK COUNTY WATER AUTHORITY  
October 28, 2021  
Hauppauge, New York

Present: Patrick Halpin, Chairman  
Jane Devine, Secretary  
Tim Bishop, Member  
Jacqueline Gordon, Member  
Elizabeth Mercado, Member

Jeffrey W. Szabo, Chief Executive Officer

The meeting was also attended by Counsel T. Hopkins and by Counsel J. Milazzo and by Messrs. Bova, Cecchetto, Durk, Finello, Fuller, Galante, Given, Huber, Kilcommons, Kleinman, Litka, McDowell, Motz, O'Connell, Pokorny, Reinfrank, Riegger, Schneider, Swain, Torres, Wallach, Warner and by Mmes. Cameron, Hannan, Mancuso, Palillo, Pfeuffer, Simson, Spaulding, Tinsley, Trombino, and Vassallo.

B. Yatauro, President and R. Brooks, Vice President of Local 393 were also in attendance.

Booklets containing detailed information for all Agenda items were distributed to each Member, Executive Staff and Counsel to the Authority.

At 3:03 p.m. the Chairman called the meeting to order.

The public was advised by Steve Galante, Director of I.T., that they may speak during the public comment portion of the meeting by raising their hand in Zoom or dialing “\*9” on the telephone.

Mr. Szabo then introduced Lawrence Anderson, Workforce Technology Manager to begin his presentation on the AMI Pilot on Fire Island. Mr. Anderson began his presentation with a brief history of Automated Meter Reading (AMR) and described that this allowed meters to be read wirelessly within range in a company vehicle and has greatly improved operations. Mr. Anderson explained that the fixed network was a short-term test completed in the Kismet community on Fire Island. Mr. Anderson described the hardware and software needed for this project and reviewed

concerns. Mr. Anderson then reiterated the importance of moving slowly through this project and tracking progress along the way. Mr. Anderson then announced potential new projects moving forward including Shelter Island and the community of Browns Hills.

Ms. Gordon arrived at 3:30 p.m.

Mr. Halpin then opened the meeting for public comment. No public comment was received.

Mr. Halpin then presented the minutes of the regular meeting of September 30, 2021, for approval. On motion made by Ms. Devine, duly seconded by Mr. Bishop, and unanimously carried, the minutes of the regular meeting held on September 30, 2021, were approved.

Mr. Szabo reviewed and recommended the rescinding of Contract 7735 which was awarded in December of 2020. On motion made by Mr. Bishop, duly seconded by Ms. Mercado, and unanimously carried, it was

(245-10-2021) RESOLVED, To rescind the award for Contract 7735 for the furnishing and delivery of traffic barricades from Conserv Co. of Hackensack, New Jersey in the amount of Twelve Thousand Seven Hundred Twenty-Four Dollars (\$12,724) as they are unable to supply at prices bid; and be it

FURTHER RESOLVED, To authorize the one-time purchase of traffic barricade boards under Contract 7735 from OES Global Inc. of Fort Lauderdale, Florida at a cost of Fifteen Thousand Three Hundred Sixty-Two and 50/100 Dollars (\$15,362.50).

Mr. Szabo then reviewed Contracts 7785, 7793, 7795-7799, 7801 and 7806-7808. Mr. Szabo recommended that these contracts be awarded/rejected in accordance with the letters of recommendation. On motion made by Ms. Mercado, duly seconded by Ms. Gordon, and unanimously carried, it was

(246-10-2021) RESOLVED, That the bid submitted by Blink Contractors be rejected as they do not have the equipment necessary; and be it

FURTHER RESOLVED, That the low responsive bid received under Contract 7785 for the snow removal services at Hauppauge and Oakdale Authority locations during the six-month period beginning November 1, 2021 submitted by B&B Maintenance Service of Oakdale, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Eight Thousand Eight Hundred Twenty Dollars (\$8,820), be and hereby is accepted; and be it

FURTHER RESOLVED, That the low responsive bid received under Contract 7785 for the snow removal services at the Huntington Authority location during the six-month period beginning November 1, 2021 submitted by DGB Landscaping Inc. of Kings Park, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Six Thousand Nine Hundred Fifty Dollars (\$6,950), be and hereby is accepted; and be it

FURTHER RESOLVED, That the low responsive bid received under Contract 7785 for the snow removal services at the Coram Authority location during the six-month period beginning November 1, 2021 submitted by CJL Landscape & Design of Ronkonkoma, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Thirteen Thousand Seven Hundred Twenty-Five Dollars (\$13,725), be and hereby is accepted; and be it

FURTHER RESOLVED, That any Member and/or the Chief Executive Officer be and hereby is authorized to execute these contracts on behalf of the Authority.

On motion made by Ms. Gordon, duly seconded by Ms. Mercado, and unanimously carried, it was

(247-10-2021) RESOLVED, That the low bid received under Contract 7793 for the furnishing of rigging and mechanical services associated with the relocation of granular activated carbon adsorption systems and other miscellaneous equipment during the one-year period beginning December 1, 2021 submitted by AALCO Transport and Storage Inc of Farmingdale, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Two Hundred Ninety-Two Thousand One Hundred Twenty-Five Dollars (\$292,125), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Mercado, duly seconded by Mr. Bishop, and unanimously carried, it was

(248-10-2021) RESOLVED, That the low bid received under Contract 7795 for the maintenance of fueling facilities at various Authority sites during the one-year period beginning November 1, 2021 submitted by Island Pump & Tank Corp. of East Northport, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Twenty-Seven Thousand Five Hundred Twenty-Five Dollars (\$27,525), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Mr. Bishop, duly seconded by Ms. Devine, and unanimously carried, it was

(249-10-2021) RESOLVED, That the single bid received under Contract 7796 for the furnishing and delivery of H2O2 chemical bulk storage tanks and appurtenances submitted by Aventura Construction Corp of Holtsville, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Two Hundred Eighty-Four Thousand Five Hundred Ninety Dollars (\$284,590), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Devine, duly seconded by Ms. Gordon, and unanimously carried, it was

(250-10-2021) RESOLVED, That the low bid received under Contract 7797 for the miscellaneous concrete construction work submitted by Blink Contractors, LLC of Lindenhurst, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Six Hundred Twenty-Two Thousand One Hundred Thirty-Two and 50/100 Dollars (\$622,132.50), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Gordon, duly seconded by Ms. Mercado, and unanimously carried, it was

(251-10-2021) RESOLVED, That Contract 7798 for the drilling of wells and test borings in zone A be re-bid due to low response; and be it

FURTHER RESOLVED, That the single bid received under Contract 7798 for the drilling of wells and test borings in zone B during the one-year period beginning November 1, 2021 submitted by Peconic Well & Pump Co. of Hampton Bays, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of One Million Five Hundred Ninety-Nine Thousand Eight Hundred Seventy Dollars (\$1,599,870), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Mercado, duly seconded by Mr. Bishop, and unanimously carried, it was

(252-10-2021) RESOLVED, That the low bid received under Contract 7799 for the furnishing and delivery of liquid caustic soda during the one-year period beginning January 1, 2022 submitted by Univair USA of Downers Grove, Illinois on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Thirty Thousand Nine Hundred Dollars (\$30,900), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

Upon further explanation by Mr. Kilcommons, Chief Engineer, Mr. Pokorny, Deputy CEO for Operations, and Mr. Hopkins, Chief Legal Officer and on motion made by Ms. Devine, duly seconded by Mr. Bishop, and unanimously carried, it was

(253-10-2021) RESOLVED, That the low bid received under Contract 7801 for the installation of advanced oxidation process (AOP) treatment systems at the McKay Road & Hollywood Place Well Field & Pump Stations in the Town of Huntington submitted by Philip Ross Industries of Wyandanch, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Seven Hundred Thirty Thousand Dollars (\$730,000), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Mr. Bishop, duly seconded by Ms. Mercado, and unanimously carried, it was

(254-10-2021) RESOLVED, That the single bid received under Contract 7806 for the furnishing and delivery of automatic-delayed-transition transfer switches during the one-year period beginning December 1, 2021 submitted by Conserve Lighting and Electrical of Long Island City, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of One Hundred Eighty Thousand Seven Hundred Seventy-Five Dollars (\$180,775), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Mercado, duly seconded by Ms. Gordon, and unanimously carried, it was

(255-10-2021) RESOLVED, That the low bid received under Contract 7807 for the furnishing and installation of wall covering in the Oakdale Administration Building submitted by National Installation and GC Corporation of Hicksville, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Ninety-Nine Thousand Six Hundred Dollars (\$99,600), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

On motion made by Ms. Gordon, duly seconded by Ms. Mercado, and unanimously carried, it was

(256-10-2021) RESOLVED, That the low bid received under Contract 7808 for the furnishing and installation of carpet and flooring in the Oakdale Administration Building submitted by Final Touch Flooring Corporation of Ronkonkoma, New York on a unit-price basis as stipulated in the bidder's proposal and calculated on estimated quantities indicated in the contract documents, at an estimated total amount of Sixty Thousand Nine Hundred Forty and 40/100 Dollars (\$60,940.40), be and hereby is accepted; and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this contract on behalf of the Authority.

Mr. Szabo then referred to special service agreements. On motion made by Ms. Mercado, duly seconded by Mr. Bishop, and unanimously carried, it was

(257-10-2021) RESOLVED, To extend RFP 1507 with Kubra Data Transfer Ltd., of Edison, New Jersey to provide the printing, imaging, mailing and electronic bill presentment and payment of billing systems for a two-month term beginning December 1, 2021.

Upon further explanation by Ms. Mancuso, Deputy CEO for Administration, and on motion made by Ms. Devine, duly seconded by Mr. Bishop, and unanimously carried, it was

(258-10-2021) RESOLVED, To extend RFP 1527 with Global Business Group Inc, dba MedTrac Inc of Guilford, Connecticut to provide the drug and alcohol testing services during the one-year period beginning January 1, 2022.

On motion made by Mr. Bishop, duly seconded by Ms. Mercado, and unanimously carried, it was

(259-10-2021) RESOLVED, To extend RFP 1549 with AccuSource Inc of Corona, California to

provide the pre-employment screening services during the one-year period beginning January 1, 2022.

On motion made by Ms. Mercado, duly seconded by Ms. Gordon, and unanimously carried, it was

(260-10-2021) RESOLVED, To amend the agreement under RFP 1569 with NewPoint Strategies for the Diversity Equity and Inclusion program to authorize the additional expenditure of up to Forty Thousand Dollars (\$40,000) covering additional training sessions.

On motion made by Ms. Gordon, duly seconded by Ms. Devine, and unanimously carried, it was

(261-10-2021) RESOLVED, To authorize the asbestos testing by Envirosience Consultants of Ronkonkoma, New York during the one-year period beginning January 1, 2022 at an estimated total cost not to exceed Ten Thousand Dollars (\$10,000); and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this agreement on behalf of the Authority.

On motion made by Mr. Bishop, duly seconded by Ms. Devine, and unanimously carried, it was

(262-10-2021) RESOLVED, To authorize the carboxylic acid testing by Eurofins Eaton Analytical, Inc. of South Bend, Indiana during the one-year period beginning January 1, 2022 at an estimated total cost not to exceed Ten Thousand Dollars (\$10,000); and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this agreement on behalf of the Authority.

On motion made by Ms. Gordon, duly seconded by Ms. Mercado, and unanimously carried, it was

(263-10-2021) RESOLVED, To authorize the nitrosamine testing by Eurofins Eaton Analytical, Inc. of South Bend, Indiana during the one-year period beginning January 1, 2022 at a total cost not to exceed Ten Thousand Dollars (\$10,000); and that any Member and/or the Chief Executive Officer be and hereby is authorized to execute this agreement on behalf of the Authority.

Mr. Szabo then introduced items related to property. Upon further explanation of details by Tim Hopkins, Chief Legal Officer, and on motion made by Mr. Bishop, duly seconded by Ms. Devine, and unanimously carried, it was

(264-10-2021) RESOLVED, To amend these agreements with Marion Gardens, Inc. (to use a portion of Rocky Point Road) and Hellenic Snack Bar and Cabins, Inc. (to use a portion of Land's End) SCWA property in East Marion for a five-year term beginning January 1, 2022 with three successive five year renewal periods; and be it

FURTHER RESOLVED, SCWA will charge Marion Gardens, Inc and Hellenic Snack Bar and Cabins, Inc. a 2% increase to rent annually; and be it

FURTHER RESOLVED, That any Member and/or the Chief Executive Officer be and hereby is authorized to execute this agreement on behalf of the Authority.

On motion made by Mr. Bishop, duly seconded by Ms. Mercado, and unanimously

carried, it was

(265-10-2021) RESOLVED, To authorize the agreement with United States Army Corps of Engineers (USCOE) to access SCWA property Evergreen Avenue Speonk-Riverhead Road to conduct an investigation for munitions and explosives in Speonk for up to three years; and be it

FURTHER RESOLVED, That USCOE will repair any damage caused to the property during that time; and be it

FURTHER RESOLVED, That any Member and/or the Chief Executive Officer be and hereby is authorized to execute this agreement on behalf of the Authority.

Mr. Szabo then referred to a membership request. On motion made by Ms. Devine, duly seconded by Ms. Mercado, and unanimously carried, it was

(266-10-2021) RESOLVED, To authorize an extension of the Authority's membership in the National Fire and Protection Association (NFPA) at an annual cost of One Hundred Seventy-Five Dollars (\$175).

Mr. Szabo then referenced an equipment request. On motion made by Ms. Mercado, duly seconded by Ms. Gordon, and unanimously carried, it was

(267-10-2021) RESOLVED, To confirm the authorization for the emergency purchase of one thousand (1,000) curb boxes from Bingham and Taylor of Culpeper, Virginia, in the amount of Thirty-Eight Thousand Four Hundred Twenty Dollars (\$38,420).

On motion made by Ms. Gordon, duly seconded by Ms. Devine, and unanimously carried, it was

(268-10-2021) RESOLVED, To authorize the purchase of two (2) telog insertable flowmeters with wireless RTU's and appurtenances from Trimble Inc. of Dayton, Ohio at a total cost of Nineteen Thousand Six Hundred Sixty-Five Dollars (\$19,665.00).

Mr. Szabo then referred to a main extension request. On motion made by Mr. Bishop, duly seconded by Ms. Gordon, and unanimously carried, it was

(269-10-2021) RESOLVED, To declare Manorville Water Main Extension Project to install approximately 20,000 feet of 16", 12", 8" and 6" inch water mains and 1", 1 ½" and 2" water services on Halsey Manor Road beginning at County Route 111 and extending north to Mill Road, then east to Doe Run, Primrose Path and associated side streets in Manorville, Town of Brookhaven to be a Type II activity under the New York State Environmental Quality Review Act, its implementing regulations and the Authority's Type II list, and be it

FURTHER RESOLVED, to authorized entering into an Intermunicipal Agreement with the Town of Brookhaven to fund the Manorville Water Main Extension Project in a form acceptable to Counsel, to apply for an Environmental Facilities Corporation grant to partially fund the Project and to designate any Board Member or the CEO or their designee to execute any document necessary to effect the same.

Mr. Szabo reviewed the original invoices to be paid from the Operating Fund, and on motion made by Ms. Gordon, duly seconded by Ms. Mercado, and unanimously carried, it was (270-10-2021) RESOLVED, That the following invoices be paid from the Operating Fund:

American Water Works Association Membership (AWWA)	\$23,971.00
Dvirka & Bartilucci	15,359.50
McCabe Collins MsGeough Fowler Levine & Nogan	2,677.36

### SEQRA REVIEW

Where applicable, the foregoing resolutions, unless otherwise noted, will not have a significant adverse impact on the environment within the meaning of Section 8-0109 of the Environmental Conservation Law.

The Members scheduled their next regular meeting for Wednesday, November 17, 2021, beginning at 3:00 p.m at the Oakdale Administration Building.

At this time, Mr. Halpin stated that the email inbox was checked for public comment. There was no public comment at this time.

At 4:35 p.m., on motion made by Ms. Devine, duly seconded by Mr. Bishop, and unanimously carried, it was

(271-10-2021) RESOLVED, That the Members go into an Executive Session for the purpose of discussing litigation, personnel matters, and labor negotiations.

On motion made by Ms. Mercado, duly seconded by Mr. Bishop, and unanimously carried, it was

(272-10-2021) RESOLVED, To employ Luc Daniel, of Lindenhurst, New York as Applications Developer in the Laboratory Department at an annual salary of Fifty-Five Thousand Dollars (\$55,000), effective upon successful completion of pre-employment physical and background check.

On motion made by Ms. Devine, duly seconded by Mr. Bishop and unanimously carried, it was

(273-10-2021) RESOLVED, To employ Caitlin Gormley of Sayville, New York as GIS Technician at an annual salary of Forty-Nine Thousand Dollars (\$49,000), effective upon successful completion of pre-employment physical and background check.

On motion made by Ms. Gordon, duly seconded by Ms. Mercado and unanimously carried, it was

(274-10-2021) RESOLVED, To employ James Poke of West Babylon, New York as Supervisor in the Customer Service Department at an annual salary of Eighty-Two Thousand Five Hundred

Dollars (\$82,500) with three (3) weeks vacation, effective upon successful completion of pre-employment physical and background check.

On motion made by Ms. Mercado, duly seconded by Mr. Bishop and unanimously carried, it was

(275-10-2021) RESOLVED, To allow the expenditure for COVID-19 self-testing kits for employees up to Ten Thousand Dollars (\$10,000).

As there was no further business to be considered, on motion made by Ms. Mercado, duly seconded by Mr. Bishop, the meeting was adjourned at 5:35 p.m.

Jane Devine, Secretary

DRAFT

SUFFOLK COUNTY WATER AUTHORITY  
Oakdale, Long Island, New York

INTEROFFICE CORRESPONDENCE

DATE: November 10, 2021  
TO: Marlon Torres, Purchasing Director  
FROM: T.J. Kilcommons, P.E., Chief Engineer   
SUBJECT: Contract No. 7797  
Miscellaneous Concrete Construction Work for the Period  
January 1, 2022 through December 31, 2022 (With Option to Extend)

---

**Recommendation:**

Rescind Low Bidder: Blink Contractors, LLC  
805 Albin Avenue, Suite B  
Lindenhurst, NY 11757  
  
Total Amount: \$622,132.50

---

Second Low Bidder: National Installation & GC Corp.  
337 W. John St.  
Hicksville, NY 11801  
  
Total Amount: \$660,430.00

Award To: National Installation & GC Corp.

**Comments:**

Six (6) Bids were received for this Contract and the low bidder, Blink Contractors, LLC (Blink) after an extensive reference check and meetings and discussions about the Contract insurance requirements was awarded the Contract at the Authority's October 2021 Board Meeting. However, very soon after the award Blink determined they could not get the required OCP insurance and withdrew their bid in an email dated November 2, 2021.

Therefore, Engineering met with the second low bidder National Installation & GC Corp. (National) to discuss their concrete qualifications and the Contract. National recently successfully completed work for us under Contract 7730 for the conversion of a maintenance garage into a Chemical Treatment and Control Building at our Yoco Road Well field in Shelter Island. National also holds Contract 7652 with General Services and has completed numerous building renovation project work. National also supplied and showed us relevant concrete projects that they have completed and National appears to be capable of performing as a concrete contractor. National was also able to get OCP insurance on Contract 7730 and they have told us they believe they can get the required OCP insurance for Contract 7797.

Therefore, it is recommended to reject the award to Blink Contractors, LLC and award Contract 7797 to National Installation & GC Corp.

SUFFOLK COUNTY WATER AUTHORITY  
Oakdale, Long Island, New York

INTEROFFICE CORRESPONDENCE

**DATE:** November 8, 2021  
**TO:** Chairman/Board Members  
**FROM:** Jeff Szabo, Chief Executive Officer  
**SUBJECT:** Contract No. 7800 – Furnish & Deliver Smart Fire Hydrants with Pressure & Remote Monitoring Systems - December 1, 2021 to November 30, 2022

---

**Opened:** November 1, 2021 **Published:** October 6, 2021

**No. of Bids Received:** 2 **Documents Sent:** 13

**Low Bidder:** Mueller Co.  
Bid Amount: \$31,027

**Recommendation:** Award to Low Bidder.

**Comments:** Thirteen (13) prospective bidders were sent the Bid, as result the Authority received two (2) bids; ranged from \$31,027 to \$33,321. Unit pricing and discounts offered under this solicitation are fixed for a period of one (1) year.

As per the Invitation to Bid Document, the intent of this contract is to secure a qualified manufacturer or distributor of intelligent “smart” fire hydrant equipment with a continuous pressure and temperature monitoring system. The monitoring equipment shall be offered as both a retrofit kit and as installed complete within a new hydrant. In addition to the physical equipment, a fully operational platform shall be supplied, in which it records and tabulates the continuously monitored data.

This is the first time the Authority issues a solicitation for this type of product.

Mueller Co., currently holds three (3) additional contracts (#7769 [Partial] – Furnishing & Delivery of “No Lead” Meter Settings, expires August 31, 2023, amount: \$245,810; #7737 – Furnish & Deliver Complete Hydrants, Hydrant Tops & Parts, expires February 2024, amount: \$50,397; #7757 [Partial] – Furnishing & Delivery of Stainless-Steel Repair Clamps, Iron Saddles & Bell Joint Leak Clamps, expires June 2022, amount: \$37,316). In fiscal year ending 5/31/21 (FY 21) they were paid \$263,382.

**Contractor’s performance on the above referenced contracts has been satisfactory.**

INTEROFFICE CORRESPONDENCE

**DATE:** November 8, 2021  
**TO:** Chairman/Board Members  
**FROM:** Jeff Szabo, Chief Executive Officer  
**SUBJECT:** Contract No. 7802 - Removal & Disposal of Brine Wastewater from the South Spur Well Field and Pump Station Site, East Northport, Town of Huntington - November 1, 2021 to October 31, 2022

---

**Opened:** October 20, 2021 **Published:** September 29, 2021  
**No. of Bids received:** 2 **Documents Sent:** 7

**Low Bidder:** Clear River Environmental Service Corp.  
**Bid Amount:** \$34,200

**Recommendation:** Award to Low Bidder

**Comments:** The Authority received two (2) bids; range from \$34,200 to \$40,800. Historically this type of contract for service has generated minimal response.

Total bid price comparison to the previous contract (#7552 – held by Tully Environmental Inc., awarded August 2016, amount: \$28,100, expired October 2021), reflects a 22.4% increase (+\$6,200). Increase in cost is a result of increased disposal fees, labor, insurance

Clear River Environmental Service Corp., holds no additional contracts with the Authority.

INTEROFFICE CORRESPONDENCE

**DATE:** November 8, 2021  
**TO:** Chairman/Board Members  
**FROM:** Jeff Szabo, Chief Executive Officer  
**SUBJECT:** Contract No. 7804 – Furnishing & Delivery of Laboratory Sample Vials & Bottles  
January 1, 2022 to December 31, 2022

---

<b>Opened:</b>	<b><u>October 19, 2021</u></b>	<b>Published:</b>	<b><u>September 27, 2021</u></b>
<b>No. of Bids Received:</b>	<b><u>1</u></b>	<b>Documents Sent:</b>	<b><u>10</u></b>

**Low Bidder:** Quality Environmental Containers Inc. (QEC)  
**Bid Amount:** \$56,594.28

**Recommendation:** Award to Single Bidder

**Comments:** QEC has previously supplied lab products to the Authority in a satisfactory manner.

Total bid price comparison to the previous contract (#7569 – held by QEC [\$35,610], expires December 2021) reflects a 55% (+\$20,984) increase. This new contract has new line items added from the previous contract, in addition increase represents a substantial rise in cost for products from three years ago.

QEC holds no additional contracts. In fiscal year ending 5/31/21 (FY21) they were paid \$41,086.

QEC's performance under the previous contract is satisfactory.

INTEROFFICE CORRESPONDENCE

**DATE:** November 8, 2021  
**TO:** Chairman/Board Members  
**FROM:** Jeff Szabo, Chief Executive Officer  
**SUBJECT:** Contract No. 7809 – Furnish & Deliver Three (3) New Emergency Standby Generator Sets  
(Tuckahoe Rd, Kismet Browns Hill)

---

**Opened:** November 3, 2021 **Published:** October 7, 2021

**No. of Bids Received:** 1 **Documents Sent:** 15

**Single Bidder:** PowerPro Service Company Inc.  
Bid Amount: \$220,750

**Recommendation: Award to Single Bidder**

Comments: Invitation to Bid documents were sent to Fifteen (15) prospective bidders, as result the Authority received one (1) Bid.

The bid received from PowerPro Service Company Inc., was reviewed by the Engineering Department and determined responsive to the specifications. PowerPro Service Company Inc., has successfully provided generators to the Authority under contract# 7336 – Phase I and contract# 7441 – Phase 2.

A comparison of unit prices for similar equipment sizes (125Kw Generator) purchased through quotes in 2017 reflects a price increase of approximately 57%. Specification changes such as the addition of a remote communications package, programmable and spare Engine Control Modules (ECU) contributed to the increase in price.

PowerPro Service Company Inc., currently holds one (1) additional contract (#7605 – Maintenance of Diesel Engines – Zone 2, amount: \$96,755, expires May 2022). In FY21 they were paid \$54,517

**Contractor's performance on the above referenced contract is satisfactory.**

INTEROFFICE CORRESPONDENCE

**DATE:** November 9, 2021  
**TO:** Chairman/Board Members  
**FROM:** Jeff Szabo, Chief Executive Officer  
**SUBJECT:** Contract No. 7810 – Electrical Work at Various Authority Owned Sites

---

**Opened:** November 2, 2021 **Published:** October 7, 2021

**No. of Bids Received:** 2 **Documents Sent:** 7

**Bids Opened:**

**MMJ Electrical Inc. – Zone A (West of State Road 112)**  
**Bid Amount: \$554,069.53**

**New York Trenchless – Zone B (East of State Road 112)**  
**Bid Amount: \$5,338,439.00**

**Recommendation: Reject All Bids and Re-Bid**

**Comments:** We are seeking the Board's approval to reject all the bids received for the above referenced contract based on the following:

- Received only two bids for both Zones A & B
- Pricing is more than double in comparison to the previous contract
- The volatility of the market regarding the cost per foot to install wire & conduit is extremely unstable
- Mathematical error in bid submitted by New York Trenchless

The Authority will revise the specifications to include terms where the contractor is paid per foot to install wire and conduit line items and material will be paid separately. Under Contract 7810 these line items were a furnish and install per foot. It is expected this will attract more bidders and allow for better pricing.

---

As a follow-up to the AMI Fire Island Pilot Project presentation to the Board at the October 2021 meeting, we are requesting Board approval to complete the installation of an AMI reading system for the remaining Fire Island communities which encompasses approximately 1,900 customers.

As per the attached quotes, the cost of this system including software and hardware is \$176,532.20. Mounting of the network collectors is an additionally estimated at \$65,000.

April 27, 2021

### Fire Island Pilot

---

#### **Notes and Assumptions**

- (1) Collectors and Repeaters come with a standard 1-year warranty and include power cables, Ethernet cables, antenna kits, and mounting kits.
- (2) The number of Collectors and Repeaters are estimated based on preliminary data and the network design. Network hardware configuration/quantity/type/antenna/mounting is subject to change based on final network design. Final pricing may vary accordingly.
- (3) Pricing assumes a 5 month project duration which will be invoiced in accordance with milestones listed above. Pricing assumes 6 CCUs, 3 Repeaters, and up to 2,000 endpoints.  
Pricing includes Master Data Import (MDI) Adaptor set up and remote MDI output file training/workshop. If Distributor//Customer requires additional support, this will be billed at Time & Materials rate.  
Pricing assumes SAP CIS implementation can support Itron standard file formats (e.g .CSV, .XML).  
Customer is responsible for interfacing to Itron's standard API's.  
Pricing includes one production environment only.  
Customer is responsible for all Joint Use activities.  
Travel and expenses will be billed at actual and will be billed as incurred.
- (4) Itron Cloud Services includes the following:  
Solution includes the following Itron applications: ChoiceConnect Fixed Network  
Includes one production environment only. Test environment is not included in this bid, but optional pricing is available.  
Fixed Network backhaul communications are included in pricing.  
Itron Cloud Services are based on a one-year term; services are billed annually.  
Cloud Services to be provided from Itron's Cloud Services Data Center or Partner Data Center (TierPoint or Microsoft Azure).  
Servers, Microsoft operating system, and SQL Server included for head end operation.  
ChoiceConnect Fixed Network configured to support delivering up to 60 minute interval data with 400 days of data retention.  
Itron to perform server administration, database administration, local area network administration, monitoring software administration.  
Itron to perform head end monitoring, management, and troubleshooting of: Collector and Repeater communications, import processes, and export processes.  
Monitoring and troubleshooting of endpoints and read rates performed by customer. This is available as an optional services activity.  
Software as a Service invoicing commences once the system becomes available. Invoicing will be based on the total meter population, rather than the current number of meters installed.
- (5) Pricing is based on existing agreements or Itron's standard terms and conditions.
- (6) Freight and taxes are not included. Prices are in US dollars. Prices are valid for 90 days.

**Notes and Assumptions**

- (1) Professional services bids provided are estimates only and are based on assumptions that have not been confirmed. In order to create a formal Scope of Work and an accurate professional services bid, a more detailed discussion of actual project requirements will be necessary.
- (2) Temetra professional services to include: Remote kickoff to confirm high level discussion points and objectives of the project including activities and responsibilities. Project activities to include assistance with user system, system configuration, integration testing and validation of read formatting. System administrator Training to include user setup, app installation, configuration and troubleshooting, Reader training to include Route and Meter Data import, route scheduling, synchronization, reports and exports, and Customer portal configuration assistance and training. Monday through Friday, 8am to 5pm standard business hours.
- (3) Technical Services provided by GCSS Technical Consultants.
- (4) Any file format customizations will incur additional costs.
- (5) Access to certain features of Temetra is dependent upon subscription type.
- (6) Temetra is offered as an annual subscription with a minimum one-year term.
- (7) Does not include direct access to the Temetra database.
- (8) Pricing shown here does not include third party products needed for this system such as PC's and Operating Systems.
- (9) Pricing shown here includes both the Temetra cloud services and Temetra Mobile app.
- (10) The standard subscription fees are based on 1 production environment. If additional environments are required additional fees would apply.
- (11) The subscription fees are invoiced on the first of the month following system access delivery.
- (12) WaterSmart customer engagement SaaS includes Implementation and Subscription of WaterSmart's products.
- (13) WaterSmart Annual Subscription prices increase 3% per year.
- (14) The WaterSmart platform includes hosting, security, software maintenance, customer support, unlimited AMI data storage, web-based training, and unlimited outbound messaging by email, text, and automated voice.
- (15) Setup includes two 2.5-hour remote training sessions with utility staff over web conference.
- (16) The WaterSmart annual subscription commences on the Effective Date of the Agreement.
- (17) Annual subscription fees for any selected premium integration options include integration for non-standard file formats, bi-directional API integrations, or other support for 3rd party software systems.
- (18) Itron is acting as an agent when offering WaterSmart products. Terms and conditions to be mutually agreed upon between WaterSmart and Suffolk County Water Authority.  
WaterSmart Annual Subscription up to 400,000 endpoints is valid through November 30, 2021.
- (19) Dropcountr customer engagement SaaS includes Implementation and Subscription of Dropcountr HOME and CLEAR products.
- (20) Itron is acting as an agent when offering Dropcountr products. Terms and conditions to be mutually agreed upon between Dropcountr and Suffolk County Water Authority.
- (21) Pricing is based on existing agreements or Itron's standard terms and conditions.
- (22) Freight and taxes are not included. Prices are in US dollars. Prices are valid for 180 days.

**SUFFOLK COUNTY WATER AUTHORITY  
INTEROFFICE MEMORANDUM**

**TO:** Jeffrey Szabo, Chief Executive Officer

**FROM:** Ty Fuller, Director, Office of Strategic Initiatives

**DATE:** November 8, 2021

**SUBJECT:** SCWA-LICAP revised Funding Agreement

---

In October 2021, The Long Island Commission for Aquifer Protection (LICAP) received a \$100,000 grant from the Suffolk County Water Quality Protection and Restoration Program and Land Stewardship Initiatives (WQPRP). The funds will be used towards a potential hazardous site identification program.

The goal of this program is to conduct a detailed airphoto analysis of select sites and make assessments of potential threats to groundwater. LICAP will work in conjunction with Cornell Institute of Resource Information Sciences (IRIS) to conduct an initial pilot to develop a classification system for potential hazardous threats. The areas that will be characterized are select source water contributing zones of public supply wells, select watersheds and private well priority areas. This project will have an engaged group of participants including members of the Suffolk County Department of Health Services, Suffolk DA and environmental groups, all of whom are supporters of this project and will be present at critical junctures to help review and guide planning processes moving forward. The grant requires additional funds that will be used as a match for WQPRP funds.

The Cornell initiative involves cooperation with multiple agencies working in part to investigate source water contributing areas of public supply wells throughout Suffolk County and enhance SCWA's ability to rapidly detect threats to the aquifer before they impact drinking water wells. Therefore, I am requesting a \$100,000 grant to LICAP to match the WQPRP grant.

LICAP agrees to share with SCWA all information about potential hazardous threats to public supply well source water contributing areas. Also, during the term of the Agreement, all funds paid over to LICAP by the SCWA pursuant to this Agreement shall be paid or transferred to third parties by the SCWA solely in accordance with the terms of this Agreement.

If you have any questions regarding the above, please do not hesitate to contact me.

## AGREEMENT

This Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, 2021, is between Suffolk County Water Authority with offices at 4060 Sunrise Highway, Oakdale, New York 11769 (hereinafter “SCWA”) and the Long Island Commission for Aquifer Protection, with offices at 4060 Sunrise Highway, Oakdale, New York 11769 (hereinafter “LICAP”) and taken together the “Parties.”

### WITNESSETH

Whereas, SCWA is a public benefit corporation established by the Public Authorities Law Article 5, Title 4. In the exercise of its statutory powers, the SCWA is deemed to be performing an essential governmental function, and

Whereas, LICAP is a bicounty regional entity, created by Nassau and Suffolk Counties to address issues affecting Long Island’s aquifer system, and

Whereas, in October 2021 LICAP was awarded an \$100,000 Suffolk County Water Quality Protection and Restoration Program and Land Stewardship Initiatives (WQPRP) grant to develop a classification system for potential hazardous threats using historical aerial imagery, and

Whereas, LICAP intends to contract with the Cornell Institute of Resource Information Sciences (IRIS) to have IRIS perform the study and classify risks based on changes in land use over time as evidenced on aerial imagery, and

Whereas, the WQPRP grant requires LICAP provide a dollar for dollar match, and

Whereas, SCWA wishes to provide an \$100,000 match to the WQPRP grant,

Now therefore, the Parties mutually agree as follows:

1. SCWA shall provide \$100,000 to LICAP to match the QQPRP grant.
2. LICAP shall use the SCWA funds solely to pay IRIS for the aerial imagery work.
3. LICAP shall provide or require IRIS to grant SCWA a royalty free license to use the data or share, or both, the data developed by IRIS for LICAP for any SCWA purpose.
3. Notwithstanding anything to the contrary herein, SCWA shall not be required to expend in excess of \$100,000 on this Agreement.
4. No modification of this agreement shall be valid unless in written form and executed by both parties.

IN WITNESS WHEREOF, the Parties have set their hands to this Agreement on the day set forth above.

# SUFFOLK COUNTY WATER AUTHORITY

## INTEROFFICE CORRESPONDENCE

**TO:** Jeffrey W. Szabo, CEO

**FROM:** John C. Milazzo, General Counsel

**RE:** Advanced Oxidation Process Treatment, Commercial Boulevard, Central Islip  
SEQRA Classification

**DATE:** November 9, 2021

---

Suffolk County Water Authority intends on submitting a grant application to the New York State Environmental Facilities Corporation (EFC) to pay for, in part, an Advanced Oxidation Process (AOP) system at the Commercial Boulevard pump station in Central Islip. The grant application is due by November 22, 2021.

Each EFC application must contain a determination made pursuant to the State Environmental Quality Review Act (SEQRA) on the environmental impacts, if any, associated with the activity for which funding is sought, that the activity is exempt from SEQRA review or is a Type II action, and therefore not subject to SEQRA review. EFC will select the projects to fund.

SCWA proposes to install an AOP treatment system on a well on the site. The system will contain two principal components, a reactor, a tube like chamber containing a UV light source and a hydrogen peroxide feed system. The system and its attendant controls and piping will be installed in the existing granular activated carbon (GAC) treatment building. A new small accessory building, containing less than 4,000 square feet and attached or next to the GAC building, will be constructed to accommodate the system.

Simply stated AOP works through the interaction of UV light, hydrogen peroxide and 1,4 dioxane. The chemical byproducts of this reaction are then removed by passing the treated water through a granular activated carbon system. No separate waste stream is created by AOP treatment.

This project is identified as a SEQRA Type II action under SEQRA's regulations. Specifically 6 NYCRR Section 617.5(c)(7) provides that the following actions are Type II actions:

construction or expansion of a primary or accessory/appurtenant, nonresidential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities;

Therefore, please have the Board pass a resolution declaring the action to be a Type II action because the AOP systems and storage building will involve construction or expansion of a non-

residential structure involving less than 4,000 square feet of gross area in total and is not a radio communication or microwave transmission facility. Once adopted the SEQRA review of this project will be complete, and the project will be eligible for EFC funding.

Thank you.

The undersigned, Chairman of the SUFFOLK COUNTY WATER AUTHORITY, hereby certifies that at a meeting of the Members of said public-benefit corporation, duly called and held at the Authority's principal office at 4060 Sunrise Highway, Oakdale, County of Suffolk, New York, on November 17, 2021, the following resolution was adopted and that same is in full force and effect:

RESOLVED, To declare the construction of an Advanced Oxidation Process system at the Commercial Boulevard pump station in Central Islip to be a Type II activity under the New York State Environmental Quality Review Act and its implementing regulations.

W I T N E S S my hand and seal of the Authority this 17<sup>th</sup> day of November 2021, at Oakdale, New York.

---

Patrick G. Halpin, Chairman

## INTEROFFICE CORRESPONDENCE

**TO:** Jeffrey W. Szabo, CEO

**FROM:** John C. Milazzo, General Counsel

**RE:** Advanced Oxidation Process Treatment, Douglas Avenue, Village of Northport  
SEQRA Classification

**DATE:** November 9, 2021

---

Suffolk County Water Authority intends on submitting a grant application to the New York State Environmental Facilities Corporation (EFC) to pay for, in part, an Advanced Oxidation Process (AOP) system at the Douglas Avenue pump station in Northport. The grant application is due by November 22, 2021.

Each EFC application must contain a determination made pursuant to the State Environmental Quality Review Act (SEQRA) on the environmental impacts, if any, associated with the activity for which funding is sought, that the activity is exempt from SEQRA review or is a Type II action, and therefore not subject to SEQRA review. EFC will select the projects to fund.

SCWA proposes to install an AOP treatment system on a well on the site. The system will contain two principal components, a reactor, a tube like chamber containing a UV light source and a hydrogen peroxide feed system. The system and its attendant controls and piping will be installed in the existing granular activated carbon (GAC) treatment building. A new small accessory building, containing less than 4,000 square feet and attached or next to the GAC building, will be constructed to accommodate the system.

Simply stated AOP works through the interaction of UV light, hydrogen peroxide and 1,4 dioxane. The chemical byproducts of this reaction are then removed by passing the treated water through a granular activated carbon system. No separate waste stream is created by AOP treatment.

This project is identified as a SEQRA Type II action under SEQRA's regulations. Specifically 6 NYCRR Section 617.5(c)(7) provides that the following actions are Type II actions:

construction or expansion of a primary or accessory/appurtenant, nonresidential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities;

Therefore, please have the Board pass a resolution declaring the action to be a Type II action because the AOP systems and storage building will involve construction or expansion of a non-

residential structure involving less than 4,000 square feet of gross area in total and is not a radio communication or microwave transmission facility. Once adopted the SEQRA review of this project will be complete, and the project will be eligible for EFC funding.

Thank you.

The undersigned, Chairman of the SUFFOLK COUNTY WATER AUTHORITY, hereby certifies that at a meeting of the Members of said public-benefit corporation, duly called and held at the Authority's principal office at 4060 Sunrise Highway, Oakdale, County of Suffolk, New York, on November 17, 2021, the following resolution was adopted and that same is in full force and effect:

RESOLVED, To declare the construction of an Advanced Oxidation Process system at the Douglas Avenue pump station in Northport to be a Type II activity under the New York State Environmental Quality Review Act and its implementing regulations.

W I T N E S S my hand and seal of the Authority this 17<sup>th</sup> day of November 2021, at Oakdale, New York.

**TO:** Jeffrey W. Szabo, CEO

**FROM:** John C. Milazzo, General Counsel

**RE:** Advanced Oxidation Process Treatment, Jayne Boulevard, Terryville  
SEQRA Classification

**DATE:** November 9, 2021

---

Suffolk County Water Authority intends on submitting a grant application to the New York State Environmental Facilities Corporation (EFC) to pay for, in part, an Advanced Oxidation Process (AOP) system at the Jayne Boulevard pump station in Terryville. The grant application is due by November 22, 2021.

Each EFC application must contain a determination made pursuant to the State Environmental Quality Review Act (SEQRA) on the environmental impacts, if any, associated with the activity for which funding is sought, that the activity is exempt from SEQRA review or is a Type II action, and therefore not subject to SEQRA review. EFC will select the projects to fund.

SCWA proposes to install AOP treatment systems on three wells on the site. Each system will contain two principal components, a reactor, a tube like chamber containing a UV light source and a hydrogen peroxide feed system. Each system and its attendant controls and piping will be installed in the existing granular activated carbon (GAC) treatment building. A new small accessory building, containing less than 4,000 square feet and attached or next to the GAC building, will be constructed to accommodate the systems.

Simply stated AOP works through the interaction of UV light, hydrogen peroxide and 1,4 dioxane. The chemical byproducts of this reaction are then removed by passing the treated water through a granular activated carbon system. No separate waste stream is created by AOP treatment.

This project is identified as a SEQRA Type II action under SEQRA's regulations. Specifically 6 NYCRR Section 617.5(c)(7) provides that the following actions are Type II actions:

construction or expansion of a primary or accessory/appurtenant, nonresidential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities;

Therefore, please have the Board pass a resolution declaring the action to be a Type II action because the AOP systems and storage building will involve construction or expansion of a non-

residential structure involving less than 4,000 square feet of gross area in total and is not a radio communication or microwave transmission facility. Once adopted the SEQRA review of this project will be complete, and the project will be eligible for EFC funding.

## INTEROFFICE CORRESPONDENCE

**TO:** Jeffrey W. Szabo, CEO

**FROM:** John C. Milazzo, General Counsel

**RE:** Advanced Oxidation Process Treatment, Wheeler Road, Hauppauge, SEQRA Classification

**DATE:** November 9, 2021

---

Suffolk County Water Authority intends on submitting a grant application to the New York State Environmental Facilities Corporation (EFC) to pay for, in part, an Advanced Oxidation Process (AOP) system at the Wheeler Road pump station in Hauppauge. The grant application is due by November 22, 2021.

Each EFC application must contain a determination made pursuant to the State Environmental Quality Review Act (SEQRA) on the environmental impacts, if any, associated with the activity for which funding is sought, that the activity is exempt from SEQRA review or is a Type II action, and therefore not subject to SEQRA review. EFC will select the projects to fund.

SCWA proposes to install an AOP treatment system on a well at the site. The system will contain two principal components, a reactor, a tube like chamber containing a UV light source and a hydrogen peroxide feed system. The system and its attendant controls and piping will be installed in the existing granular activated carbon (GAC) treatment building. A new small accessory building, containing less than 4,000 square feet and attached or next to the GAC building, will be constructed to accommodate the system.

Simply stated AOP works through the interaction of UV light, hydrogen peroxide and 1,4 dioxane. The chemical byproducts of this reaction are then removed by passing the treated water through a granular activated carbon system. No separate waste stream is created by AOP treatment.

This project is identified as a SEQRA Type II action under SEQRA's regulations. Specifically 6 NYCRR Section 617.5(c)(7) provides that the following actions are Type II actions:

construction or expansion of a primary or accessory/appurtenant, nonresidential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities;

Therefore, please have the Board pass a resolution declaring the action to be a Type II action because the AOP systems and storage building will involve construction or expansion of a non-

residential structure involving less than 4,000 square feet of gross area in total and is not a radio communication or microwave transmission facility. Once adopted the SEQRA review of this project will be complete, and the project will be eligible for EFC funding.

The EFC also requires that the New York State Division for Historic Preservation of the New York State Office of Parks, Recreation, and Historic Preservation determine that the project will not affect State historic properties, including archaeological and/or historic resources. A request for a determination has been submitted.

To meet the November 22 grant application deadline, please have the Board authorize any Member or the CEO to submit the application, if the SHPO determination is received by November 22.

Thank you.

The undersigned, Chairman of the SUFFOLK COUNTY WATER AUTHORITY, hereby certifies that at a meeting of the Members of said public-benefit corporation, duly called and held at the Authority's principal office at 4060 Sunrise Highway, Oakdale, County of Suffolk, New York, on November 17, 2021, the following resolution was adopted and that same is in full force and effect:

RESOLVED, To declare the construction of an Advanced Oxidation Process system at the Commercial Boulevard pump station in Central Islip to be a Type II activity under the New York State Environmental Quality Review Act and its implementing regulations.

## Construction Maintenance - Oakdale, New York

### INTER-OFFICE CORRESPONDENCE

**DATE:** November 9, 2021

**TO:** Jeffrey W. Szabo, CEO

**FROM:** Brendan J. Warner, Director, Construction-Maintenance *B. Warner*

**SUBJECT:** Purchase of ICS Gas Power Cutter

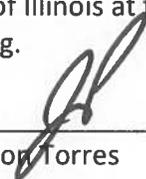

As part of the Department's effort to continuously improve jobsite safety, we have been investigating different types of pipe cutting saws. These saws are used to cut water main during maintenance and repair operations. The current saw utilized by our crews is a circular blade saw that is not fixed to the pipe. This could present a safety risk if the saw is handled improperly, or if the water main is under stress. In the event the blade gets pinched, there is the risk it could bounce back putting the operator in harms way. Because of this risk, several large water utilities in the US have abandoned the use of this type of saw to cut pipe.

In an effort to find a saw that can eliminate some of the risks associated with kickback, Construction-Maintenance has tested several saws over the last few years. Based on our preliminary evaluations we believe the ICS Gas Power Cutter might solve these issues. Rather than a circular saw, the ICS is a gas-powered chain saw designed for cutting water main. In addition to the difference in blade type, the ICS does not require the operator to stand directly over the blade when cutting. The bar of the chain saw provides additional space for the operator in case there is a kick back. This could mitigate some of the risk as compared to our current cut off saw.

We are seeking the Board's approval to purchase two(2) ICS Gas Powered Cutters to complete a longer term evaluation of this equipment in the field. Should this saw prove to be effective after a more extensive testing period we would look to phase out our current cut-off saw. Purchasing has solicited quotes from vendors and obtained three quotes:

Zoro Mundelein, IL \$5,848.54	Ferguson New Hyde Park, NY \$6,602.00	Contractors Supply Stamford, CT \$7,587.00	Independent Equipment Westbury, NY No Quote	Northeast Equipment Hauppauge, NY No Quote
-------------------------------------	---	---	--	---

Based on the above quotes I am recommending that the purchase of 2 complete saws from Zoro Mundelein of Illinois at the price of \$5,848.54. If you agree, please present to the Board at their next meeting.

Approved:  Joe Pokorny PE

## SEVERABILITY

The provisions of this Rental Contract shall be severable, so that the invalidity, unenforceability, or waiver of any of the provisions shall not affect the remaining provisions.

## PURCHASE ORDERS

The use of Lessee's purchase order number on this Rental Contract is for Lessee's convenience and identification only. This Rental Contract constitutes the sole agreement between Lessee and Lessor and supersedes any purchase order provisions whether sent to or received prior, or subsequent to this Rental Contract. Absence of a purchase order number shall not constitute grounds for non payment of rental charges when Lessee has had possession, or the right to possession of the rental items.

## RELEASE AND INDEMNITY

Lessee assumes all risks inherent in the operation and use of the Rental Equipment by Lessee and anyone else. Lessee assumes the entire responsibility for the defense of and agrees to pay, indemnify, and hold Contractors Supply, LLC and its shareholders, directors, officers and successors (collectively "Lessor") harmless from, and hereby fully discharges and releases Lessor from any and all claims for damages to property or for bodily injury (including death), or loss of time or inconvenience, or consequential damages (including but not limited to lost revenue or profits) resulting from the use, operation or possession of the Rental Equipment, whether or not it be claimed or found that such damage or injury resulted in whole or in part from the negligence of Lessor from the defective condition of the Rental Equipment, or from any other cause.

## EQUIPMENT FAILURE

Lessee agrees to immediately discontinue the use of the Rental Equipment should it, at any time, become unsafe or in a state of disrepair, and to immediately notify Lessor of the facts. Lessor agrees, in its discretion, either to repair the Rental Equipment within a reasonable time; or provide Lessee with a comparable item if available; or make the Rental Equipment available to Lessee at another time (if applicable to Lessee); or adjust the rental charge. This provision does not relieve Lessee from Lessee's other obligations under this Rental Contract.

## WARRANTIES

**THERE ARE NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE, EITHER EXPRESS OR IMPLIED, THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF. THERE IS NO WARRANTY THAT THE RENTED EQUIPMENT IS SUITED FOR RENTER'S INTENDED USE, OR THAT IT IS FREE FROM DEFECTS, NOR ARE ANY OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED MADE IN CONNECTION WITH THIS RENTAL TRANSACTION.**

## TIME OF RETURN

Lessee's right to possession of the Rental Equipment terminates upon the expiration of the rental period set for the above and retention of possession after this time constitutes a material breach of this contract. Time is of the essence in this contract. Any extensions must be mutually agreed upon in writing.

## LATE RETURNS

Lessee shall return the Rental Equipment to Lessor during its regular business hours, promptly upon, or prior to expiration of the Rental Period. If Lessee does not timely return the Rental Equipment, the rental rate shall continue until the equipment is returned.

## PAYMENT

Lessee shall pay all charges payable under this Rental Contract in advance provided, however, that the foregoing shall not limit the amount payable by Lessee hereunder and all additional amounts hereunder shall be paid immediately as such costs or charges are included. Commercial Accounts approved by Lessor may pay charges within 30 days from Contract date. Lessee shall pay all reasonable costs of collection, court, attorney's fees and other expenses paid or incurred by Lessor in the collection of any charges due under this Rental Contract, or in their taking of the Rental Equipment or in other enforcements of the terms of this Rental Contract. Lessee shall pay in addition to any other amounts payable hereunder, a service charge of 1-3/4% per month (21% annually) on past due Commercial Accounts.

## DAMAGED, LOST, STOLEN OR DIRTY EQUIPMENT

Lessee assumes the entire risk or loss, regardless of cause, with respect to the Rental Equipment, normal and reasonable wear and tear excepted. Accrued rental charges cannot be applied against the purchase or cost of repair of damaged, lost or stolen goods. Rental Equipment which is unreturned when due or damaged beyond repair, as determined by Lessor, must be paid for by Lessee at its full replacement cost, as designated by Lessor. All costs of repairs will be borne by Lessee whether performed by Lessor or at its option by another. Lessee shall pay a reasonable cleaning charge for Rental Equipment returned dirty. Lessee shall pay Lessor all charges and costs payable hereunder immediately upon receipt of invoice.

## USE OF EQUIPMENT

Lessee agrees and covenants:

- That Lessee has inspected the Rental Equipment and finds the same to be in good and acceptable condition.
- That Lessee is satisfied with the instructions given by Lessor in the proper and safe manner of using the Rental Equipment, or that Lessee is so familiar with it, and its proper and safe use and has told Lessor so, that such instruction is unnecessary.
- That the Rental Equipment will only be used at the address designated unless Lessee obtains written permission of Lessor to use it elsewhere.
- That under no circumstances will the Rental Equipment leave the immediate vicinity of the Metropolitan Area (as most narrowly defined), embracing Lessor's business location at which Lessee rented the equipment.
- That the Rental Equipment will not be used for any illegal purpose or in any illegal manner or in any illegal activity.
- That the Rental Equipment will be used only for the specific and proper purpose for which it was manufactured and intended, and only in the proper and safe manner.
- That no one other than Lessee or Lessee's employees will use the Rental Equipment, except with a written permission by Lessor. Lessee agrees that the equipment shall be used only by persons competent and trained in its operation and that Lessee will be solely responsible for providing competent operators. No use by anyone other than Lessee shall relieve Lessee of any and all liability hereunder.

## ASSIGNMENTS, SUBLEASES & LOANS

Lessor may assign its rights under this Rental Contract without Lessee's consent, but will remain bound by all obligations herein. Lessee may not assign Lessee's rights under this contract or sublease or loan the Rented Equipment without the written permission of Lessor. Any purported Assignment by Lessee is void.

## ADDITIONAL CHARGES

In addition to other charges and costs provided for herein, Lessee shall pay charges in accordance with the Company's rates then in effect for the following services, provided or performed by Lessor.

- Delivery or pick-up service.
- Delivery or pick-up from any location other than ground level (upstairs or downstairs).
- Deliveries and pick-up after normal business hours and on Saturdays, Sundays, or Holidays.
- Pick-up from an address other than delivery address.
- Service Calls.
- Site preparation.

## DELIVERY & PICK-UP

Lessee shall clean and repack (in the original packing materials) the Rented Equipment and if Lessor agrees to pick up the Rented Equipment, Lessee shall make it available to Lessor for pick-up at a mutually agreed and convenient location. Delivery and pick-up shall be at the convenience of and at times designated by Lessor. Lessee grants Lessor (our agents and employers) the right to enter Lessee's premises for the sole purpose of delivery, installation and pick-up of our rental equipment and goods. Lessee agrees to pay for service charge for each extra delivery or pick-up call required by Lessor and occasioned by Lessee. Lessee shall make its personnel available at the time designated by Lessor for pick-up, to assist in delivery and pick-up.

## CARE OF EQUIPMENT

In addition to its other obligations hereunder, Lessee shall:

- Pay a reasonable cleaning charge for any equipment or other item returned dirty.
- Protect the Rented Equipment and other items from the elements, breakage, theft, unauthorized or improper use, or loss during the time of delivery, use, storage and return or otherwise while in the possession or control of Lessee.

## INSURANCE

Lessee shall maintain, at Lessee's expense, liability, property and casualty insurance coverage in amount designated by Lessor and sufficient to fully protect Lessor and the Rented Equipment from and against any and all claims, loss, or damage of whatever nature or type or.

## SITE PREPARATION

Lessee agrees to have the site clean and ready for delivery and installation and dismantling and pick-up of the equipment and Lessee agrees to an additional charge for any delay incurred, or additional labor performed by Lessor, resulting from Lessee's failure to do so.

## NECESSARY PERMITS AND LICENSES

Lessee agrees that prior to the installation of the Rented Equipment, to obtain at Lessee's expense, all necessary permits, licenses and other consents.

## SUBSURFACE CONDITIONS

Lessee agrees to reimburse Lessor for any additional costs incurred as a result of undisclosed or subsurface of other conditions necessitating additional costs to us, or additional services by us.

## HOLD HARMLESS AGREEMENT

Lessee agrees to assume the risk of, and indemnify, defend (with counsel chosen by Lessor) and hold Lessor its share holders, directors, officers, employees and agents harmless from any against, any and all claims, losses liabilities, and damage, and all costs and expenses (including reasonable legal fees and expenses) arising directly or indirectly at or relating to:

- The delivery, loading, unloading, erection, installation, dismantling, and use of the Rented Equipment.
- Contact with underground wires, pipes, or other structures, or any condition of or on Lessee's property.
- Any other cause, circumstance or condition while the Rented Equipment is in the possession or control of Lessee.

## LIGHTING AND POWER

Lessee agrees to furnish Lessor access to, and the right to use, Lessee's electrical and power lines for installation and operation of the Rented Equipment.

## IDENTIFICATION

Lessee agrees that identifying marks, including logos, trademarks, service marks and trade names of Lessor may appear on the Rented Equipment and goods while in use by Lessee. Lessee shall not alter, conceal, or deface any such identifying marks or permit the same.

## REPOSSESSION

Lessee agrees that upon Lessee's failure to pay the rental charges or any other breach of this Rental Contract, Lessor may terminate this contract, enter the premises at which the Rented Equipment is located, and retake possession of and remove the Rented Equipment for wherever it is located. Lessee further agrees that Lessor and our agents shall not be liable for any claims for damage or trespass arising out of the entry on the premises or removal of the Rented Equipment. Lessee shall pay all costs and expenses of such recovery paid or incurred by Lessor including but not limited to reasonable legal fees and expenses.

## DISCLAIMER AND MANUFACTURER

Lessee acknowledges that Lessor is neither the manufacturer of the Rented Equipment nor the agent of the manufacturer.

## TITLE

This agreement is not a contract of sale. Title to the equipment is and shall remain with Lessor. Upon request by Lessor, Lessee shall sign such UCC financing statements and other documents as requested by Lessor to evident its ownership.

## SECURITY DEPOSIT

Lessee shall pay a security deposit at the time of reservation. If Lessee fails to rent the equipment reserved, or return the Rented Equipment upon expiration of the rental period, or if the same is damaged or destroyed, or if Lessee defaults hereunder, Lessee agrees to forfeit return of the security deposit provided, however, that such forfeiture shall not preclude or diminish the right of Lessor to seek other remedies or damages.

**SUFFOLK COUNTY WATER AUTHORITY  
Oakdale, Long Island, New York**

**I N T E R O F F I C E   C O R R E S P O N D E N C E**

**DATE:** November 9, 2021  
**TO:** Jeffrey Szabo, CEO  
**FROM:** Brendan J. Warner, P. E., Director, Construction-Maintenance  
**SUBJECT:** Salt/Sand for Winter Operations

---

CM utilizes a 70% sand / 30% salt mixture to address road icing conditions during water main breaks and repairs. The Purchasing Department solicited quotes for 225 cubic yards of sand/salt mixture for this season. Request for quotes were sent to four vendors with two bids obtained. They are listed in the table below:

Request for Quote Furnish and Deliver 225 Cubic Yards Salt/Sand Mix (70% salt/30% sand)		
Vendor	Quote per Cubic Yard	Total
D.F. Stone, Medford, NY	\$44.92	\$10,107.00
Eastern Landscape and Mason Supply, Center Moriches, NY	\$67.77	\$15,700.00 (plus \$300.00 per delivery)
All Island Mason and Supply, Kings Park, NY	No Quote	
Hubbard Sand and Gravel, Bay Shore, NY	No Quote	

D.F. Stone submitted the lowest quote at \$44.92 /cu. yd. for 225 yards. D.F. Stone was awarded the bid for our 2020 purchase, offering the same unit price.

I am requesting approval to purchase salt/sand from DF Stone, of Medford, NY at the quoted price up to a maximum of \$10,500. Delivery will be in small quantities delivered to Oakdale and Coram yards throughout the year as needed.

If this meets with your approval, please place this on the agenda for Board approval at the November meeting.

**INTEROFFICE CORRESPONDENCE**

**DATE:** November 9, 2021

**TO:** Jeffrey W. Szabo, Chief Executive Officer

**FROM:** Joseph M. Pokorny, P.E., Deputy CEO for Operations 

**SUBJECT:** American Water Works Association (AWWA)  
Webinar Bundle 2022

---

American Water Works Association (AWWA) has a webinar bundle for 2022 which consists of 20 webcasts throughout the year at a cost of \$2,400.00.

It was very successful last year and the savings on purchasing the bundle as opposed to purchasing each webinar individually is \$1,500.00. The webinars offer continuing education credits (CEU) to employees who have a Grade II B and Grade D licenses. They provide each attendee with knowledge and experience they are able to utilize and have been exceptionally useful during the COVID 19 pandemic.

If it meets with your approval, please arrange to have this item placed on the agenda for the November Board Meeting.

Approved: J. Szabo, Chief Executive Officer \_\_\_\_\_

**PROPOSED PROJECT**  
**SUFFOLK COUNTY WATER AUTHORITY**  
**TRANSMISSION WATER MAIN**  
**TO SERVE THE**  
**TOWN OF SOUTHOLD**

- The Suffolk County Water Authority (SCWA) proposes to install approximately 44,000 linear feet of 24-inch diameter transmission water main from Flanders to Main Road in Laurel.
- The project cost is estimated to be \$27,489,707.81.
- The SCWA's approach to water supply on the North Fork has been to develop a network of small local well fields.
- The North Fork aquifer has been significantly impacted by the presence of nitrates, pesticides and chlorides. The SCWA has been required to install costly treatment systems at some of its well fields.
- The installation of this transmission main will reduce need for additional well fields within the Town and in some cases SCWA will be able to reduce the use of several wells and take some wells and well fields off-line. This will leave more groundwater available for other uses, such as agriculture.
- The transmission water main will allow for aquifer restoration and long term preservation of the fragile aquifer within the Town of Southold. The transmission water main is environmental positive for the township of Southold and its residents.
- The proposed project is part of an overall resource sustainability plan to ensure the Authority's ability to meet present peak and future demand while at the same time improving the impact to the North Fork aquifer.

AGREEMENT BETWEEN THE SUFFOLK COUNTY WATER AUTHORITY  
AND THE TOWN OF SOUTHOLD

This Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, 2021, is between the Town of Southold, a municipal corporation, having its principal office and place of business at P.O. Box 1179, 53095 Route 25, Southold, New York 11971 (hereinafter also referred to as Town), and the Suffolk County Water Authority, a public benefit corporation, having its principal office and place of business at P.O. Box 38, 4060 Sunrise Highway, Oakdale, New York 11769 (hereinafter also referred to as SCWA) and taken together the Parties.

WITNESSETH:

WHEREAS, SCWA seeks to install a main, booster pump(s), and appurtenances to interconnect the portions of its public water supply and distribution system in the Town of Southold Low Zone with its system in the Town of Southampton Low Zone as indicated on the Map attached hereto to transmit water to the Town (the “Project”); and

WHEREAS, the Town desires to have the SCWA undertake the Project to increase the reliable supply of water in SCWA’s system in the Town, and as a result enable SCWA to reduce the quantity of water pumped by SCWA from its wells located in the Town, which will reduce impacts to the aquifer system in the Town caused by such pumping, and increase the amount of water available in aquifer system in the Town to agricultural users in the Town, and

WHEREAS, the Parties represent that they have the power and authority pursuant to law to bind themselves to the provisions hereof.

NOW THEREFORE, it is mutually agreed as follows:

1. The SCWA shall install water main, booster pump(s) and appurtenances as indicated on the Map attached hereto. The water main, booster pump(s) and appurtenances shall be and remain the property of the SCWA.
2. The total cost of the Project is estimated to be \$27,500,000.00, as indicated in the cost estimate attached hereto.
3. Due to the cost of the Project, the Parties agree to mutually cooperate in seeking intermunicipal grants to fund the Project. If grants are provided for this Project, the SCWA will

allocate such grant money first to defray the costs of the water main, booster pump(s), and appurtenances.

4. In the event no grant money is provided for this project, the SCWA reserves the right to cancel this Project. If the Project is cancelled, the SCWA and the Town shall have no further obligations to each other under this Agreement for the Project.

5. The SCWA shall comply with all applicable federal, State, County of Suffolk and Town of Southold laws, statutes, ordinances, rules, and regulations pertaining to all work contemplated under this Agreement.

6. Each party hereto shall defend, indemnify and save harmless, to the extent permitted by law, the other party, its respective officers, agents, servants, employees, contractors and representatives against and from all suits, losses, demands, payments, actions, recoveries, judgments and costs of every kind and description and from all damages to which the other party or any of its officers, agents, servants, employees and representatives may be subjected by reason of injury to person or property of others resulting from the implementation of this Agreement by the other party. The aforesaid indemnification shall not be applicable to any liability caused by the acts, omissions, faults, or negligence of the party seeking indemnification.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed and to be effective as of the day and year first above written.
