Re: Contract No. 7687 – Maintenance & Repair of Fire & Burglar Alarm Systems and Card Access System
June 1, 2021 to May 31, 2022

Extension of Contract – June 1, 2022 to July 1, 2022

Dear Sir / Madam:

The subject contract expires May 31, 2021. Suffolk County Water Authority is currently reviewing the wording within the contract to reflect the Authority's future needs. At this time, SCWA requests a month-to-month contract extension on the same terms and pricing as the current contract, if agreed upon by both parties. SCWA reserves the right to cancel the contract by giving 10 days written notice that, on or after a date specified, the contract shall be deemed terminated and cancelled.

In order for this office to consider an extension, we ask your prompt acknowledgment in writing, that you are interested in accepting an extension of the current provisions of Contract No. 7687 or that you are not interested in such extension.

Please forward your written acknowledgment referencing Contract No. 7687 term of the extension and your agreement to maintain same prices to: Suffolk County Water Authority, Attn: Purchasing, P.O. Box 38, Oakdale, NY 11769-0901, **you can also email your response to Dane.Jones@scwa.com.**

Again, if you choose not to extend, notify in writing to the above address.

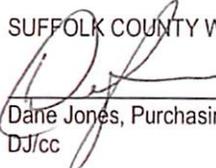

Please respond by April 25, 2021.

NOTE: This letter does not constitute an offer of extension but merely confirms your interest in either extending the contract or terminating same. This letter does not constitute consent by this Department to extend the contract.

If the subject contract contains a **Performance Bond** or a **Letter of Credit (Letter of Credit Expiration date shall be one-month past the contract expiration date)**, evidence of Bond renewal or a new Letter of Credit must be submitted for the new contract term to my office within thirty (30) days from notification that the contract has been extended.

Very truly yours,

INTEROFFICE CORRESPONDENCE

DATE: April 8, 2022
TO: Chairman/Board Members
FROM: Jeff Szabo, Chief Executive Officer
SUBJECT: Contract No. 7835 – Grading, Material Placement, Clearing, Excavating & Miscellaneous Sitework (Zone A / Western Zone) April 1, 2022 to March 31, 2023

Opened: March 9, 2022 Published: February 18, 2022
No. of Bids received: 2 Documents Sent: 14
Low Bidder: D.F. Stone Contracting Ltd.
Zone A / Western Zone Bid Amount: \$907,530
Bid Ranges: \$907,530 to \$1,161,990
Recommendation: Award to Low Bidder for Zone A, As Indicted

Comments:

This contract is for Zone A only; Zone B was not bid at this time because that contract is still in effect.

For Zone A, (Western Zone), the price was compared to similar line items of the previous contract No. 7584, bid in January 2019. It was determined that there was an overall increase of 26.8% in the contract price or approximately an 8.9% annual increase.

D.F. Stone holds the current Zone B grading contract, Extension of Contract No 7744 - Grading, Material Placement, Clearing, Excavating & Miscellaneous Sitework (Eastern Zone B – East of William Floyd Parkway), expires January 2023, bid amount \$656,350 and was paid \$89,653 in FY22. D.F. Stone also holds the current Zone A / Western Zone contract No. 7584, expires March 2022, bid amount \$693,750, and was paid \$701,548 in FY22.

D.F. Stone Contracting, Ltd. has successfully performed the required work and therefore, Engineering recommends awarding contract No. 7835 to the low bidder.

D.F. Contracting currently holds one (1) additional contract. Contract 7690 Furnishing, Installation and Cleanout of Overflow Drain Pits & Other Miscellaneous Work expires April 2022, bid amount \$170,700 and was paid \$104,900 in FY22.

Contractor's performance on the above referenced contracts is satisfactory.

Award to: Low bidder

Comments:

This contract contains mandatory apprenticeship language. Two bids were received for Zone A ranging from \$907,530 to \$1,161,990 with D.F. Stone Contracting, Ltd. (D.F. Stone) being the low bidder. Zone B was not bid at this time as the Contract is still in place.

For Zone A (western zone), the price was compared to similar line items of the previous Contract 7584 (bid in January 2019), and it was determined that there was an overall increase of 26.8% in the contract price or about an 8.9% annual increase.

D.F. Stone holds the current Zone B grading Contract 7744 and holds the current expiring Zone A Contract 7584 and has successfully performed the required work. Therefore, we recommend awarding Contract 7835 to the low bidder D.F. Stone Contracting, Ltd.

Recommendation: Award to Lowest Bidders by Group

Comments:

Contract No. 7830 is a rebid from Contract No. 7817 which was rejected in the January 27, 2022 Board Meeting. Only one bid was submitted at that time. In March 2022, three (3) bids were received for Contract No. 7830 from Neptune Technology Group, Inc., Mueller Systems, LLC, and Ferguson Enterprises, Inc.

It is the recommendation of the Customer Service Department to award Neptune Technology Group, Inc. Groups I, III, IV, and VII in the amount of \$500,630, Mueller Systems, LLC. for Group II in the amount of \$444,500, and Ferguson Enterprises, Inc. for Groups V and VI in the amount of \$199,436.

This award combination results in the lowest possible cost to SCWA.

Neptune Technology Group, Inc., holds no additional contracts. In fiscal year ending 5/31/22 (FY22), they were paid \$501,988.

Mueller Systems, LLC., holds no additional contracts. For fiscal year ending 5/31/22 (FY22), there was no spend.

Ferguson Enterprises, Inc. currently holds one (1) active contract:

7751 – Furnishing and Delivery of Cement Lined Ductile Iron Pipe, expires June 2022, amount: \$249,958. For fiscal year ending 5/31/22 (FY22), they have been paid \$218,653.

Contractors' performance on the above referenced contract is satisfactory.

INTEROFFICE CORRESPONDENCE

DATE: April 13, 2022
TO: Chairman/Board Members
FROM: Jeff Szabo, Chief Executive Officer
SUBJECT: **Contract No. 7837 – Furnish and Deliver Heliac Cable, Communications Products & Electrical Surge Arrestors - June 1, 2022 to March 31, 2023**

Opened:	April 12, 2022	Published:	March 28, 2022
No. of Bids received:	1	Documents Sent:	14

Lowest Bidder By Item: **Items: 1-4**
Integrated Wireless Tech, LLC
Amount: \$6,809

Recommendation: **Award to Incumbent Bidder by Item**

Comments:

The Authority solicited bids to furnish and deliver heliac cable, communications products & electrical surge arrestors in March 2022. A total of one proposal was received for \$6,809. A comparison of prices from previous contract No. 7622 for Items 1-4 reflects a price decrease of 4 percent. The Production Control department has reviewed the bid submitted and recommends the partial award of this contract to the sole bidder, Integrated Wireless Tech, LLC. The remaining items will be purchase through state contracts or open market.

Integrated Wireless Tech, LLC currently holds contract No. 7622 Furnish and Deliver Instrumentation, Electrical Control Products & Communications Equipment (Items 1-5), expiring May 2022, in the amount of \$7,939. Integrated Wireless Tech, LLC was not paid in FY22 as no items were purchased during that time.

Integrated Wireless Tech, LLC., holds no additional contracts.

Contractor's performance on the above referenced contracts has been satisfactory.

INTEROFFICE CORRESPONDENCE

DATE: April 8, 2022
TO: Chairman/Board Members
FROM: Jeff Szabo, Chief Executive Officer
SUBJECT: Contract No. 7839 – Furnish and Deliver Stainless Steel Tapping Sleeves
May 1, 2022 to April 30, 2023

Opened: April 1, 2022 **Published:** March 14, 2022

No. of Bids received: 4 **Documents Sent:** 12

Lowest Bidders by Item: Items: 1-6, 9, 10, 19-28, 34
Powerseal Pipeline Products Corp.
Bid Amount: \$322,165

Items: 7, 8, 11-18, 31-33
Mueller Co.
Bid Amount: \$156,078

Items: 29, 30, 35
Core & Main LP
Bid Amount: \$175,470

Recommendation: Award to Lowest Bidders by Item

Comments:

The Authority solicited bids to furnish and deliver stainless steel tapping sleeves in March, 2022. The Construction-Maintenance Department recommends to award by item to the lowest bidder. The overall price increase from the previous bid is approximately 80% due to supply chain challenges, however there is a savings of \$30,000 by utilizing the three vendors by item as opposed to using one vendor for all items.

It is the recommendation of the Construction-Maintenance Department to award Powerseal Pipeline Products Corp. for items 1-6, 9, 10, 19-28, 34 in the amount of \$322,165, Mueller Co. for items 7, 8, 11-18, 31-33, in the amount of \$156,078, and Core & Main LP for items 29, 30, 35 in the amount of \$175,470.

This award combination results in the lowest possible cost to SCWA.

Powerseal Pipeline Products Corp. currently holds two (2) additional active contracts:

7606 – Furnish & Deliver Stainless Steel Tapping Sleeves, expires April 2022, amount: \$186,447. For fiscal year ending 5/31/22 (FY22), they have been paid \$218,677.

7757A – Furnish and Deliver Stainless Steel Repair Clamps, Stainless Steel & Bell Joint Leak Clamps, expires June 2022, amount: \$10,763. For fiscal year ending 5/31/22 (FY22), they have been paid \$28,361.

Contractor's performance on the above referenced contracts has been satisfactory.

Mueller Co. currently holds five (5) additional active contracts:

7737B – Furnish & Deliver Complete Hydrants, Hydrant Tops and Parts, expires February 2024, amount: \$50,398. For fiscal year ending 5/31/22 (FY22), they have been paid \$75,319.

7757B – Furnish & Deliver Stainless Steel Repair Clamps, Stainless Steel & Bell Joint Leak Clamps, expires June 2022, amount: \$37,316. For fiscal year ending 5/31/22 (FY22), they have been paid \$49,999.

7769A – Furnish and Deliver (No Lead) Meter Settings, expires August 2023, amount: \$245,811. For fiscal year ending 5/31/22 (FY22), they have been paid \$65,341.

7781 – Furnish & Deliver Wide Range Couplings and Flanged Adapters, expires September 2022, amount: \$48,237. For fiscal year ending 5/31/22 (FY22), they have been paid \$24,338.

7800 – Furnish & Deliver Smart Fire Hydrant with Pressure & Temp. Remote Monitoring Systems, expires November 2022, amount: \$31,027. For fiscal year ending 5/31/22 (FY22), there has been no spend.

Contractor' performance on the above referenced contracts is satisfactory.

Core & Main LP currently holds no contracts with Suffolk County Water Authority.

INTEROFFICE CORRESPONDENCE

DATE: April 14, 2022
TO: Chairman/Board Members
FROM: Jeff Szabo, Chief Executive Officer
SUBJECT: Contract No. 7840 – Furnish and Deliver Dewatering Pumps and Associated Parts -
May 1, 2022 to April 30, 2024

Opened: April 14, 2022 Published: March 25, 2022

No of Bids Received: 1 Documents Sent: 6

Low Bidders: Barish Pump Co., Inc.
Bid Amount: \$63,372

Recommendation: Award to Incumbent Bidder

Comments:

The Authority solicited proposals to furnish and deliver dewatering pumps and associated parts in March 2022. Only one bid from Barish Pump Co., Inc. was received, for a total of \$63,372. In comparison with the previous Contract No. 7521, estimated quantities have increased, with average item pricing increasing by 35%. This increase is in line with the overall trend in related pricing increases given the current economic climate and supply chain issues. Therefore, the Construction Maintenance department recommends awarding all items to the incumbent bidder as noted above.

Barish Pump Co., Inc currently holds Contract No. 7686 Furnish and Deliver Dewatering Pumps and Associated Parts, expires April 2022, amount \$32,896. In fiscal year ending 05/31/22 (FY22) Barish Pump has been paid \$24,974.

Contractor's performance on the above referenced contract has been satisfactory.

INTEROFFICE CORRESPONDENCE

DATE: April 19, 2022
TO: Chairman/Board Members
FROM: Jeff Szabo, Chief Executive Officer
SUBJECT: Contract No. 7841 – Furnishing, Installation and Cleanout of Overflow Drain Pits and other Miscellaneous Work - June 1, 2022 to May 31, 2023

Opened: April 12, 2022 **Published:** March 29, 2022

No of Bids Received: 3 **Documents Sent:** 9

Low Bidder: D.F. Stone Contracting, Ltd.
Bid Amount: \$311,700

Recommendation: Award to Lowest Bidder

Comments:

Work under this contract consists of the installation of overflow drain pits for lime room, chlorine, and pH analyzer water. Additional work includes cleanout and legal disposal of lime from existing drain pits, pipe galleries, mixing tanks and 55-gallon drum.

Three (3) bids were received ranging from \$311,700 to \$536,275. A comparison to similar items from expiring Contract No. 7690 bid in April 2020, reflects a 36% increase.

D. F. Stone Contracting, Ltd currently holds three (3) additional contracts:

7690 – Furnishing, Installation and Cleanout of Overflow Drain Pits. Fiscal year ending 05/21/22 (FY22) They have been paid \$130,380.

7744 – Grading, Material Placement, Clearing, Excavating and Miscellaneous Site work. For fiscal year ending 05/31/22 they have been paid \$103,253.

Contractor's performance on the above referenced contract has been satisfactory.

SUBJECT: **Extension of RFP 1534 - Screening, Locating and Marking of Underground Facilities
May 1, 2022 to April 30, 2023**

One Call Concepts Locating Services, by way of the attached letter, has agreed to extend subject contract for a second term, representing first of two possible one-year extensions.

Original contract award, May 2019, was in the total estimated annual amount of \$675,000.00.

As of June 1, 2021 (FY22), approximately \$940,555 has been paid under the subject contract.

One Call Concepts Locating Services holds no additional contracts.

Contractor's performance on the above referenced contract is satisfactory.

We are requesting contract extension for the one-year term noted above.

**SUFFOLK COUNTY WATER AUTHORITY
INTEROFFICE MEMORANDUM**

TO: Jeffrey Szabo, Chief Executive Officer
FROM: Ty Fuller, Director of Strategic Initiatives
DATE: April 8, 2022
SUBJECT: CAI Technologies On-going Consultation Agreement

Over the last five years, SCWA GIS/Strategic initiatives group has engaged successfully and completed several high-level, high-profile projects that impact not only GIS/Strategic Initiatives, but many other departments within our company. These projects include: The AutoCAD -GIS Integration Initiative; a Development and implementation of the GIS Distribution System Water Utility Data Model(WUDM) and the conversion of the Front Counter product which now relies directly on the WUDM, and development of custom tools used in current GIS applications.

All this described work has been done by our group with the support of an outside entity, CAI Technologies (of Littleton, New Hampshire). Very often there arises a naturally evolving and complimentary need for ad-hoc amendments and changes to applications, data, scripts, automated work processes and programs within these projects.

SCWA's Strategic Initiatives/GIS Group desires to continue the ongoing consultation agreement with CAI Technologies. This agreement would-cover many ad-hoc needs of the GIS Department as they arise now, addressing among other concerns:

- General GIS system consulting;
- GIS data layer development and conversion;
- SAP Extract Transform & Load tools support;
- and overall GIS data management services as directed by SCWA

The previous agreement approved by the board (144-06-2021) during the 1-year period from July 1, 2021, to June 30, 2022, was set with "not to exceed" monetary limit of \$15,000. Because of the ongoing need required of the consultants we are now approaching the monetary limit. Because of this **I am requesting a onetime increase of \$2500 on the \$15,000 previously approved by the board. In addition, I am requesting a sole source extension in the amount of \$20,000.**

I am requesting that this be presented to the Board Members for their approval at the April meeting. If you have any questions regarding the above, please do not hesitate to contact me.

TO: Jeffrey Szabo, CEO
FROM: Timothy J. Kilcommons, P.E., Chief Engineer/Director of R&D 
SUBJECT: Removal of Existing Buried Propane Tank at Browns Hill Estates, Orient

The existing generator at the Browns Hills pump station is no longer operable. A portable generator has been in service at this site while a new generator could be procured. After consultation with our Production Control department, a new diesel generator has been purchased and is currently being built.

The pump station at this location is located in the road right-of-way, making for a very small footprint. The existing generator had been located inside the small control building and was fueled from a buried propane tank. The new generator includes an integral diesel tank and will be located outdoors as is typical of all new SCWA installations to minimize fire hazards.

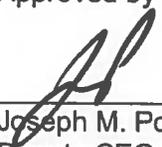

Due to the site constraints, the new generator will be installed where the propane tank is currently buried. On behalf of Engineering, the Production Control department sought quotes from SCWA's tank spill contractor, Aarco, SCWA's propane supplier for this site (C. F. Van Duzer), and also sought to use a combination of Van Duzer and our annual contract with DF Stone to remove the buried tank.

Aarco declined to quote the job and advised us to go with our propane supplier. Van Duzer provided a quote of \$6,500 to remove and dispose of the tank (Hazmat disposal). We will not pursue the option of using Van Duzer and DF Stone since the regulations required to access the tank, remove the propane in situ, and have DF Stone perform the remaining work was in excess of the \$6,500 quoted by Van Duzer for the complete project. I have attached both Van Duzer quotes. The recommendation is to have Van Duzer perform the work for \$6,500.

If this meets with your approval, please place this on the agenda for Board approval at their September 2021 meeting. If you have any further questions regarding the above, please contact me.

INTER-OFFICE CORRESPONDENCE

DATE: April 1, 2022
TO: Jeffrey W. Szabo, CEO
FROM: Michael O'Connell, Director, Production Control *Michael O'Connell*
SUBJECT: Renewal of Support Services Agreement with Systems Integrated

I am requesting that the Board approve the renewal of the current Support Services agreement for the SCADA system, covering the period of May 1, 2022 thru April 30, 2023.

This service provides for troubleshooting of any problems with the existing SCADA onSITE® software or RTU software, onSITE® version or RTU firmware updates, network monitoring/management, and 4 hour emergency response time for any requests for technical support. Systems Integrated has always performed well under prior agreements whenever their services were required. Contact is routine and maintenance and upgrades to SCADA system software are ongoing.

The cost for this year's agreement is \$5,570.00 per month. Total annual cost is \$66,840.00. This is a 3.8% increase over the previous year for a total annual increase of \$2,568.00.

As we have done for the past two years, Systems Integrated has also included an additional not to exceed amount of \$33,160.00 for work to be completed that is not covered under the Maintenance Agreement. With these additional funds, we can assign task orders to SI for completion and payment without seeking Board approval for every work order. The \$33,160 was chosen merely as a placeholder to value the maintenance agreement at \$100,000 even. What we choose to spend is up to SCWA, we are only contractual obligated for the maintenance agreement cost of \$66,840.00.

During the agreement period of May 1, 2021 to current; SCWA has requested one task order to complete improvements to back-up procedures that is pending pricing and approval. We will also have a task order issued after May 1 for programming changes required to tie in the Xylem AOP systems.

In summary, I am requesting approval of SCADA Support Services agreement with Systems Integrated for the period of May 1, 2022 to April 30, 2023 for a total cost not to exceed \$100,000.00.

Box 38, 4060 Sunrise Highway, Oakdale, New York 11769 and Systems Integrated, LLC, located at 2200 North Glassell Street, Orange, California 92865 (“SI or Support Vendor”), collectively the “Parties.”

Whereas, SCWA wishes to extend its SI Custom Hardware/Software System Support Services Contract with Systems Integrated for the annual maintenance of the *ONSITE*® SCADA system (“System” or “Systems”), and

Whereas, SCWA also wishes to engage the services of Systems Integrated to perform various tasks on an “as needed” basis (“Task Orders”), associated with the operation of the SCWA SCADA system during the period of this Agreement; and

Whereas, in order for SCWA to provide for specific work not included in the annual maintenance of the *ONSITE*® SCADA system, this Agreement amount shall reflect the total of the annual maintenance cost and a not to exceed Task Order value. The Task Order value shall be encumbered only upon SCWA’s execution of a Task Order; and

Now, therefore, the Parties, in consideration of the premises, agree as follows in the Agreement and Exhibits:

EXHIBITS:

Exhibit 1 General Terms & Conditions	Revision 02/22
Exhibit 2 System Description	Revision 02/22
Exhibit 3 Maintenance Services & Charges	Revision 02/22
Exhibit 4 Invoice & Services Information	Revision 02/22
Exhibit 5 <i>ONSITE</i> ® System Support	Revision 02/22

ATTACHMENTS:

The SI *ONSITE*® software support services are furnished only for the *ONSITE*® software system that Customer previously purchased from SI, unless otherwise expressly agreed by the Parties.

SI unilaterally may revise its support services as described in the attached Exhibits, provided only that SI has forwarded a revised Exhibit describing such revised service to the Customer at least sixty (60) days prior to its effective date. If so provided in the revised Exhibit, the Customer may elect to continue receiving support services under the terms of the existing Exhibits.

SI may offer new support services to Customer by forwarding a copy of a new Exhibit that describes such services. An order from the Customer for provision of any of the support services described in a new Exhibit shall constitute acceptance by the Customer, and this Agreement automatically shall then include that new Exhibit.

Customer agrees (i) that the Agreement constitutes the entire agreement, understanding and representations, expressed or implied, between the Customer and SI with respect to the support services to be furnished thereunder, and (ii) that the Agreement supersedes and cancels all prior agreements, negotiations, commitments, representations and communications between the parties, including all oral and written proposals, in respect of the subject matter of this Agreement.

Upon acceptance by both Parties, this Agreement shall be effective the 1ST day of May, 2022 (the Effective Date).

SYSTEMS INTEGRATED CUSTOM SYSTEMS SUPPORT SERVICES

EXHIBIT 1 GENERAL TERMS AND CONDITIONS

1. GENERAL

The General Terms and Conditions contained herein shall be applicable to the furnishing of support services by Systems Integrated to Customer as provided in this Agreement, which as previously defined includes this Exhibit 1 and all other Exhibits to this Agreement.

2. ELIGIBLE EQUIPMENT/SOFTWARE

2.1 The Customer represents that it is the owner of, or is duly authorized to utilize, the software System that (i) is to be supported under this Agreement and (ii) is described in Exhibit 2 to this Agreement.

2.2 Only Systems which are in normal operating condition and, as applicable, that are currently at SI's currently supported levels are eligible for coverage under this Agreement. If, in SI's opinion, maintenance is required to return the System to normal operating condition, or to bring any applicable software components of the System to the currently supported level, SI will offer to perform such work at its standard services rates then in effect prior to placing the System under the coverage of this Agreement.

3. ORDERS FOR *ONSITE*[®] SYSTEM SUPPORT SERVICES

3.1(a) Unless otherwise provided, the support services provided in this Agreement shall commence on the Effective Date of May 1, 2022. Requests for support services shall be initiated by "Service Requests", which may be (i) an oral request for Corrective Maintenance or (ii) in the form of a purchase order or other written document when the Service Request is utilized to add or delete services or Systems (or components of Systems), as described herein. All charges for SI support services shall be adjusted to reflect any such changes. All Service Requests are subject to (i) acceptance by SI, and (ii) the order of precedence stated in paragraph 12 of this Exhibit 1.

(b) In the event that Customer requests SI to provide support services under this Agreement for hardware or software products either not installed by SI or installed by SI but not previously included in the SI *ONSITE*[®] system support services agreement, SI will prepare and provide the Customer a quote for labor, material and other direct costs to perform the requested work in the form of a Task Order (Attachment A – Task Order form). Task Orders shall be valid for ninety (90) days after the date SI submits the completed Task Order quote to the Customer. Customer's written acceptance of SI's Task Order quote will initiate Systems Integrated to begin Task Order work.

(c) Under no condition shall SCWA be liable for cost in excess of the Agreement value.

4. CONDITIONS OF SUPPORT SERVICES

Systems Integrated shall be under no obligation to furnish software support services under this Agreement should repair be required because of improper use or modification of the *ONSITE*[®] software, or any related hardware failure. If support services are required as a result of any of the causes stated above, such services shall be provided at SI's standard service rates for labor, travel, and material in effect at the time of service.

5. RELOCATION OF SYSTEMS

5.1 The Customer shall give SI thirty (30) days written notice prior to any relocation of the System covered by the *ONSITE*[®] support services being provided under this Agreement.

5.2 If the System is moved, it shall continue to be serviced under this Agreement at no additional charge, provided that the network access is maintained.

5.3 For a System that will continue to be serviced after relocation, SI shall, at its option, assist the Customer in dismantling such System and shall inspect and reinstall the System at the new location. These services are provided at an additional charge to the Customer at SI's standard service rates for labor, travel, and material in effect at the time of service. The Customer shall furnish all labor and materials for packing and placement of the System in the new location.

5.4 The Customer shall be responsible for any and all loss or damage to the System during relocation.

6. EXCLUSIONS

SI software support services do not include any hardware components or supplies.

7. CONTRACT TERM

7.1 The term of this Agreement shall be one (1) year from the Effective Date, May 1, 2022 ("Initial Term").

7.2 Support Vendor's charges for support services provided under this Agreement, as stated in Exhibit 3, shall remain in effect during the Initial Term. Thereafter, SI shall advise Customer of the applicable rates for support services during each successive one (1) year term of this Agreement not less than sixty (60) days prior to expiration of any such term. Any increase or decrease of the charges for such services shall be implemented by the replacement of Exhibit 3 with a revised version that states the new rates. Unless otherwise mutually agreed in writing by SI and the Customer, the performance of support services by SI or the issuance of a Service Request after the effective date of the new service rates, shown by the issuance of a revised Exhibit 3, shall constitute acceptance (and agreement to) such new support services rates by Customer.

7.3 Except as otherwise provided in this subparagraph, the Customer may terminate this Agreement at any time upon written notice to SI, and SI may terminate the Agreement any time upon sixty (60) days prior written notice to the Customer. Notwithstanding, the minimum term of this Agreement shall be three (3) calendar months unless otherwise specified.

8. WARRANTY FOR SYSTEM SUPPORT SERVICES AND LIMITATION OF LIABILITY

8.1 For support services regarding software or consisting of consulting, training or documentation, SI's warranty shall be limited to providing such services on a "Commercially Reasonable Efforts" basis.

8.2 Any work performed by SI on a Task Order, when completed, will be warranted by adding the task order work product to the support Agreement during the remaining current term.

8.2 EXCEPT FOR THOSE WARRANTIES STATED IN SUBPARAGRAPHS 8.1 AND 8.2 OF THIS PARAGRAPH 8, NO OTHER WARRANTY IS EXPRESSED OR IMPLIED. SI SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

8.3 The remedies provided herein are Customer's sole and exclusive remedies. Whether with respect to SI's obligations as regards the above-stated warranty or as otherwise provided in this Agreement, SI shall not be liable for any direct, indirect, special, incidental or consequential damages (including, but not limited to system down time, loss of data, loss of use, loss of profits) whether based on contract, tort, or any other legal theory, even if SI had prior knowledge thereof, except as defined in 8.4.

8.4 SI shall defend, indemnify and save harmless, to the extent permitted by law, SCWA, its members, officers, agents, servants, and employees against and from all suits, losses, demands, claims, payments, actions, recoveries, judgments and costs of every kind and description and from all damages to which SCWA or any of its members, officers, agents, servants and employees may be subjected by reason of injury to person or property of others resulting from the performance of the services under this Agreement, or through any act or omission on the part of SI or its agents, employees, servants or subcontractor(s), or through any improper or defective machinery, implements or appliances used or supplied by SI, its agents, employees, servants or subcontractor(s) in the performance of this Agreement, and SI understands and agrees that it shall defend, indemnify and save harmless, to the extent permitted by law, SCWA, its members, officers, agents, servants and employees from all suits and actions of any kind or character whatsoever which may be brought or instituted by any subcontractor, material man or laborer who has performed work or furnished materials, in the performance of this Agreement.

9. CHARGES

9.1 The software support services rate specified in Exhibit 3 are those in effect as of the Effective Date, unless otherwise specified.

9.2 The Customer may prepay for support services up to one (1) year in advance at SI's prevailing charge at time of payment. Prepaid services must have a commencement date of not more than ninety (90) days after payment. Increases that would otherwise take effect during the prepaid period shall be delayed until the end of the period and shall be effective at the date of any subsequent prepaid period.

9.3 Charges for support services performed outside the specified periods of coverage, and for services not covered by this Agreement, will be invoiced separately at SI's standard service rates in effect at the time such services are rendered.

9.4 Task Orders will be prepared by SI upon the Customer's request, to define the scope of work and the associated charges (i.e. materials, labor and other direct costs) to perform the work. Task Order pricing will be based upon SI's standard rates in effect during the current Agreement. Customer's written acceptance of SI's Task Order quote will initiate Systems Integrated to begin Task Order work. Task Order work will be charged separately to the Customer under this Agreement upon completion of the work.

9.5 When the Customer requests that SI incur commercial travel and/or per diem expenses because of extended travel not included in this Agreement, those expenses will be charged to the Customer and shown as separate items on the SI invoice.

9.6 Unless otherwise stated in writing by SI, all charges shall be exclusive of state and local use, sales, property (ad valorem) and similar taxes. The Customer agrees to pay such taxes, and when applicable, such taxes will appear as separate items on SI's invoice.

10. INVOICING

10.1 Charges for support services will be invoiced in advance, as specified herein. Invoices for other charges described in Paragraph 9 of this Exhibit will be submitted as those charges are incurred.

10.2 Unless otherwise stated in writing by SI, the Customer shall pay all invoices issued under this Agreement within thirty (30) days from date of invoice. Any payments not made within this time period are considered to be delinquent.

11. INSURANCE

SI shall provide insurance coverages to insure this Agreement and the work performed under this Agreement, to be maintained throughout the term of the Agreement as follows:

A. General Liability

Form: Commercial General Liability in a form providing coverage not less than that of a standard Occurrence Commercial General Liability policy form including separate limits for Personal Injury, and Products/Completed Operations. Coverage to include Contractual Liability.

Limits: \$1,000,000 per occurrence/\$2,000,000 general aggregate. \$1,000,000 for Products/Completed Operations. \$1,000,000 for Personal Injury Liability without a third party action over exclusion. Products/Completed Operations to be maintained for a period of 2 years after the completion of the project.

B. Workers' Compensation:

Form: Providing coverage to all employees in all states where operations will be performed under the terms of the Contract.

Limits: As required by the Workers' Compensation Law of the State of New York or any State or Federal body having jurisdiction over the location of operations being performed.

C. Business Automobile Liability:

Business Automobile Liability insurance, including Owned, Hired and Not Owned Autos.

Form: Bodily Injury and Property Damage coverage in a combined single limit of not less than \$1,000,000.

D. Miscellaneous:

- 1) SI shall add SCWA to its insurance policies as an additional insured pursuant to the terms of Section 11. SI shall not be considered "approved" until it has obtained all insurance required by Section 11 and such insurance has been approved by SCWA.
- 2) Insurance coverage shall be provided by an Insurance Company licensed as an "admitted carrier" by the New York State Financial Services Department - Insurance Industry and rated by "Bests" at "A-" or better, or as otherwise deemed acceptable to SCWA.
- 3) Insurance coverage shall be evidenced by a Certificate of Insurance submitted in a form acceptable SCWA. "Acord" or other blank certificates may not be acceptable. SCWA may request a letter of transmittal from the Insurance Company providing coverage indicating that the certificate is issued correctly and pursuant to their authorization.
- 4) Sixty (60) day notice of cancellation, non-renewal or reduction of coverage is required. The insuring company shall not be released from liability or obligation for its failure to notify SCWA. The certificate shall not contain provisions that are limiting, including but not limited to, "endeavor to mail" or "failure to mail such notice shall impose no

obligation or liability of any kind, etc." Such provisions must be eliminated on the certificate.

- 5) The interest of SCWA, as additional insured for ongoing operations, as well as, products/completed operations and as primary insurance with no responsibility for payment of premium shall be added to all policies other than Workers' Compensation. Evidence of this extension shall be by signed endorsement to the policy, such endorsement to be submitted to SCWA with the applicable certificate of insurance. Mere recitation of the additional insured interest on the certificates may not be acceptable.
- 6) SCWA will be notified of any significant impairment or exhaustion of any of the above limits at the inception of or during the Agreement.
- 7) Subcontractors shall adhere to the above.
- 8) SCWA is not responsible for any loss or damage whatsoever to the property of SI or its subcontractor(s).
- 9) All certificates of insurance shall contain the following provisions:
 - a. Nature of work described on certificate (in case of liability or compensation certificates) shall be inclusive of work provided for under this project.
 - b. Location of work described shall be inclusive of the location of the work provided under this Agreement.
 - c. The period of certificates shall cover the period of the work or a new certificate shall be furnished before the current certificate expires.
- 10) SCWA shall be the sole judge in determining the acceptability of insurance requirements.

12. ORDER OF PRECEDENCE

This Agreement and all Exhibits and Attachments hereto take precedence over Customer's additional or different terms and conditions and constitute the entire understanding between the Parties relating to transactions hereunder. Acceptance by the Customer is limited to SI's terms and conditions. NOTICE OF OBJECTION IS HEREBY GIVEN TO THE CUSTOMER'S ADDITIONAL OR DIFFERENT TERMS AND CONDITIONS, AS SUCH MAY BE PROPOSED BY A SERVICE REQUEST, PURCHASE ORDER, ACKNOWLEDGMENT, INVOICE OR OTHERWISE. Neither SI's commencement nor completion of performance hereunder shall be deemed or construed as acceptance of the Customer's additional or different terms and conditions.

13. LICENSE FOR SOFTWARE

Any and all modifications of the software for the System, whether the software was provided by SI or one or more third parties, shall be subject to the terms of the applicable licenses

under which such software was originally supplied. In particular, and except as stated in the applicable license, Customer acknowledges and agrees that all right, title and interest in and to such software is and shall remain the sole property of Systems Integrated or such third parties, as appropriate.

14. MISCELLANEOUS

14.1 Customer agrees and acknowledges that SI, at its option, has the right to subcontract, assign, or transfer any or all of its rights, duties or obligations, in part or in whole, that are contained in this Agreement.

14.2 Any dispute arising hereunder shall first be resolved by taking the following steps where a successive step is taken if the issue is not resolved at the preceding step: 1) by the technical and contractual personnel for each Party performing this Agreement, 2) by executive management of each Party, 3) by mediation, or 4) in the event of litigation, by a court sitting in Suffolk County, New York and applying the laws of the State of New York.

Both Parties agree that in any action to enforce the terms of this Agreement, each Party shall be responsible for its own attorneys' fees and court costs incurred in enforcing a judgment or settlement.

14.3 SI reserves the right to withhold without liability, but with prior written notice, any support services authorized by the Customer under this Agreement if the Customer is delinquent in payment for any services.

14.4 In the event of any proceedings, voluntary or involuntary, in bankruptcy or insolvency by or against the Customer, or in the event of the appointment, with or without the Customer's consent, of any assignee for the benefit of creditors, or of a receiver, SI may elect to cancel any unfilled part of this Agreement. SI's failure to exercise any of its rights hereunder shall not constitute or be deemed a waiver or forfeiture of such rights.

14.5 Stenographical, typographical and clerical errors are subject to correction.

14.6 No U.S. Government procurement regulation shall be binding on either party unless specifically agreed to in writing prior to incorporation herein.

14.7 Any notices required to be given hereunder shall be given in writing at the address of each party set forth in this Agreement, or to such other address as either party may substitute by written notice to the other.

14.8 With respect to the system or any components thereof, including technical data, supplied by SI directly or through others, Customer agrees that any export or re-export of such items shall be in compliance with the Export Administration Regulations issued by the Department of Commerce of the United States and other export controls of computer hardware, software media, technical data and direct products of technical data.

SYSTEMS INTEGRATED CUSTOM SYSTEMS MAINTENANCE SERVICES

EXHIBIT 5 ONSITE® SYSTEM SUPPORT

I. ONSITE® SYSTEM SUPPORT SERVICES

- A. At Customer Site Services: The standard annual maintenance does not include “at customer site” services.
- B. Corrective Maintenance: Corrective maintenance includes the diagnosis and correction of System malfunctions and failures. Requests for this service may be made by telephone, as provided in Paragraph 3.1 (b) of Exhibit 1. Remedies may consist of temporary procedures to be followed by the Customer while a permanent remedy is being sought. Corrective Maintenance will be provided as described in paragraph C of section I of this Exhibit 5, and will continue uninterrupted, as long as reasonable progress is being made, until the System is operational. If SI determines that additional resources are required, the service will be interrupted and will resume as soon as these resources are available.
- C. Hours of Coverage: SI will provide the support services described 24-hours per day, 7-days per week (“Coverage Days”).
- D. Response Time: Response time for Corrective Maintenance under this Agreement is measured in Coverage Days from the time a Service Request is received by SI to the time an SI Engineer begins work on the problem. SI shall respond to a Service Request within 4 hours of network access (remote access to the System is required).
- E. Network Access Security: SI shall restrict access to the Customer’s network, only to authorized SI employees that are providing software support. All SI employees have either been NERC certified and/or have DOD cyber security clearance.

II. OPTIONAL SUPPORT SERVICES:

In the event that the Customer requests SI to provide support services under this Agreement for hardware or software products either not installed by SI or installed by SI but not previously included in the SI *ONSITE*® maintenance support services agreement, SI will prepare and provide the Customer a quote for labor, material and other direct costs to perform the requested work in the form of a Task Order (Attachment A – Task Order form). Task Orders shall be valid for ninety (90) days after the date SI submits the completed Task Order quote to the Customer. Customer’s written acceptance of SI’s Task Order quote will initiate Systems Integrated to begin Task Order work.

III. LIMITATIONS OF SOFTWARE SUPPORT SERVICES:

- A. Qualified Devices: Any device which SI has provided the license or installed the software is considered a Qualified Device for purposes of support services.
- B. Other Than Qualified Devices: Software support will not be covered under this Agreement for other than qualified devices.

(1) If, in the opinion of SI, performance of support services is made more difficult or impaired because of an Other Than Qualified Device, the Customer will temporarily remove the device at Customer's expense for the purpose of allowing SI to maintain the System.

(2) The Customer is solely responsible for the compatibility of any Other Than Qualified Devices.

IV. RESPONSIBILITIES OF CUSTOMER:

- A. Access: The Customer will provide SI with the following:

(1) Access to the System covered under this Agreement via a high-speed Network.

(2) Access to and use of all information and facilities determined to be necessary by SI to service the System.

- B. Data Reconstruction: The Customer is responsible for maintaining a procedure external to the System for reconstruction of lost or altered files, data, or programs to the extent deemed necessary by the Customer and for actually reconstructing any lost or altered files, data or programs. SI, as part of this Agreement, will assist in the restoration of the system using the back-up tapes maintained by the Customer.
- C. Operating Procedures: The Customer will follow routine operator procedures as specified in the original equipment manufacturer's operating manuals for the System's components.
- D. Operating Supplies: The Customer will provide operating supplies and consumables such as paper, magnetic tapes, ribbons, cards, format tapes, disc cartridges and such similar equipment the Customer would use during normal operations.
- E. Customer Representative: A representative of the Customer will configure a site to site VPN between SCWA and SI to allow unimpeded access to the SCWA SCADA network and the associated equipment connected to the network.
- F. Data Security: The Customer is responsible for safeguarding the confidentiality and security of its proprietary and classified information.

SUBJECT: Thermoplastic Meter Vaults – Interim Procurement

The Authority issued Contract No. 7814 Furnish and Deliver Thermoplastic Meter Vaults as a onetime purchase in January 2022. Due to continuing supply chain issues, Bingham and Taylor would not commit to a term contract.

Purchasing was requested to solicit quotes for 200 vaults as inventory stock was becoming depleted.

Request for quotes were sent to three vendors:

Bingham and Taylor Culpeper, VA	T Mina Supply Medford, NY	Ferguson Waterworks Medford, NY
\$27,050.00	No Quote	No Quote

The only bid received from Bingham and Taylor is a 9 percent increase from Contract No. 7814.

In FY22, Bingham and Taylor held Contract No. 7814 – Furnish and Deliver Thermoplastic Meter Vaults – One Time Purchase, amount \$95,649, and they have been paid \$46,530.

We are seeking the Boards' approval to purchase vaults from Bingham and Taylor. Purchasing will begin communication with vendors on future contract commitment terms before a new contract is issued.

SUBJECT: File 1409 Laboratory Procurements under New York State Contracts – June 1, 2022, to May 31, 2023 (FY23)

The Authority utilizes various New York State (NYS) contracts provided by the NYS Office of General Services (OGS) to purchase laboratory instrumentation, supplies and equipment from all major manufacturers. In utilizing these competitively bid contracts, we are taking advantage of the volume discounts offered through these contracts. These costs are included in the Board approved Authority's Capital and Operating Budgets.

State contracts are utilized to purchase the Laboratory's instrumentation authorized through the capital budgeting process. NYS OGS has gone through an extensive process ultimately approving multiple vendors to choose from. Each vendor has a line of instruments based on capabilities, ranging from research grade to production grade. Additionally, each vendor's product may function differently based on design and be more suitable for a particular application. When assessing instruments for purchase, the Laboratory meets with two or three vendors, all under NYS Contract, to discuss their products which allows for a competitive atmosphere. In choosing the successful vendor, we consider the lowest priced product that can best meet our application's requirements, such as the required detection limit and other testing method specifications, and consider attributes such as instrument ruggedness, ease of use as well as the vendor's support and service. The capital budget for fiscal year ending May 31, 2023 is \$617,000 (\$449,000 for fiscal year ending May 31, 2022).

The Laboratory also purchases environmental testing grade chemicals, reagents and supplies through the Authority's operating budget. The catalogues of the major chemical suppliers are on NYS contract, and they often provide additional discounts. Whereas, specific supply requirements are not known until needed, a blanket purchase order for these items is issued with an approximate annual amount for each vendor based on past history. The total of all purchase orders does not exceed the amount which was budgeted. When purchasing a particular item, prices offered by each vendor are compared and the lowest priced item that meets the required testing method specifications is chosen. The estimated annual amount to be purchased from the operating budget for fiscal year ending May 31, 2023 is \$1,265,000 (\$1,120,000 for fiscal year ending May 31, 2022).

Groups that have been used under NY Contracts:

Scientific Equipment - Spectroscopy, Chromatography, Instruments/Accessories, Consumables, Extended Equipment Maintenance Warranties (Group 38700)

Laboratory Supplies and Equipment (Group 12000)

In the event that a contract expires, and the vendor agrees to honor the pricing, we will continue to purchase under the expired contract until it is either extended or a new one is issued.

We respectfully request the Board authorize the Authority to purchase Laboratory Equipment and Supplies under the above referenced NYS Contracts for the period June 1, 2022 through May 31, 2023 (FY23) in an aggregate amount of approximately \$1,882,000. In addition, NYS, Suffolk County and Cooperative Purchasing Consortiums periodically, through the fiscal year, add to their list of approved contracts for products and services. The Authority seeks approval to purchase the products and services as they are identified by these entities, such purchases are in compliance with our procurement policy.

The Authority utilizes various NYS, SC contracts, and Cooperative Purchasing Consortium Agreements to purchase various products, services, and supplies/parts. Listed below are the following products / services from vendors / contractors that our Facilities Department utilizes. These costs are included in the Board approved Authority's Capital and Operating Budgets.

Groups that have been used under NYS Contracts:

Waste Removal – Group #79013; Award# 22760-SW – Annual Estimated Expenditure: \$110,000.00
Unarmed Guard Services – Group #710011; Award #22436 - Annual Estimated Expenditure: \$80,000.00

Consortium Contracts:

E.J. Ward – Contract #092920 – Annual Estimated Expenditure: Not to Exceed \$20,000.00

The above referenced contracts have been competitively bid and are in compliance with NY State Finance Law, GML 103 and NY State Procurement Guidelines. Totals of course vary based on how often we call for service that is not typically scheduled. **The Authority is permitted to utilize such contracts in accordance with our Purchasing Policy Section III.**

Unit prices offered under the NYS / Cooperative Purchasing Consortium Agreements are competitively bid. Purchasing will continue to perform "spot checks" to validate unit pricing to ensure that the Authority is obtaining the "Best Value" and that the pricing offered is "Fair & Reasonable". A non-public bid was not solicited since the "Mini-Bid" process addresses the requirement that a competitive solicitation be issued to ensure compliance with SCWA's Procurement Policy.

We respectfully request the Board to authorize the Authority to procure the products / services offered under the NYS and Cooperative Purchasing Consortium Agreements for use by our Facilities Department for the period June 1, 2022 to May 31, 2023 (FY23). DATE: April 8, 2022
TO: Jeffrey Szabo, CEO
FROM: Janice E. Tinsley, Deputy CEO for Customer Service
SUBJECT: Request to Credit – Account # 3000584094 - FAA

In 2009, an application was made by the owner of 221 Clark Drive, Ronkonkoma, to install a dedicated 6" tap for a private hydrant. However, after the technical data was created in SAP, the scope of the project changed, and the owner decided to install the hydrant off the preexisting 8" fireline tap. Once created in SAP secondary data cannot be deleted. Thus, in an attempt to avoid erroneous use of the data, New Service attached a "do not use" code to the record. Unfortunately, when ownership of the property changed in 2010, the clerk moving in the new customer, inadvertently used the wrong technical data. This resulted in an overcharge to the customer of \$6,182.74. Customer Service is requesting authorization to refund the overcharged amount of \$6,182.74 to the customer (FAA).

If this meets with your approval, please arrange for this item to be included in the next meeting of the board.

FROM: Janice E. Tinsley, Deputy CEO for Customer Service
SUBJECT: Request to Credit – Account # 3000143287 – Town of Islip

This account was flagged for zero consumption. Upon inspection, it was determined that the ERT (transmitter) on the meter located at Byron Lake Park in Oakdale was not working from May 2018 through November 2021. During this time the account was charged only basic minimum and water quality fees, but no consumption. An estimated catch-up bill using historical consumption was calculated for \$26,058.98 and sent to the customer. After receiving an explanation for the back billing, the customer paid the bill. The Meter Shop subsequently inspected the meter and found that while the ERT was not transmitting, the register head had continued to record consumption. The customer's bill was recalculated using the actual consumption figures. This resulted in a refund due to the customer of \$8,252.71. Customer Service hereby requests authorization to refund \$ 8,252.71 to the customer.

If this meets with your approval, please arrange for this item to be included in the next meeting of the board.

SUBJECT: Retirement Standard Costs

Construction Maintenance and Finance have reviewed costs and internal workflow associated with the 2" and below retirement of services for customers.

To create efficiencies and eliminate actual costs it is recommend creating a retirement standard cost fee of \$1,650 for 2" and below retirement of services. This will be evaluated annually with all standard costs.

If this meets with your approval, please place on the April 2022 board agenda.

INTER-OFFICE CORRESPONDENCE

TO: Beth Vassallo, Chief Financial Officer
FROM: Brendan J. Warner, P.E. , Director, Construction-Maintenance *B. Warner*
SUBJECT: Request to create Standard Retirement Costs

From time to time, our customers may have a need to retire an existing service. Reasons for a retirement could include relocation of their tap, removal of a service while a building is demolished or because a larger tap is required. For services 2" and below, the customer is charged a \$1000 retirement fee, and a DCPR is established to track the actual costs of the work. If the actual cost is greater or less than \$1000, the customer is charged or reimbursed accordingly. Most often, the customer is invoiced to cover the additional cost beyond the \$1000. The two components of the cost for a small retirement are the labor cost and restoration cost; both of which are predictable for a small retirement. Based on analysis of our past retirements, the average cost of a retirement is actually closer to \$1650.

To simplify the overall transaction and eliminate the clerical tasks required in tracking a DCPR, creating invoices, etc., the CM Department is recommending that a standard cost be established for retirement of services 2" and below. This standard cost should be set at \$1650 for the upcoming fiscal year, and evaluated on a yearly basis. I feel this change will simplify our internal workflows and will give the customers a more predictable cost for the work we do. Retirements of services above 2" have much more varying cost and a standard cost would not be appropriate; these will continue to be handled as a DCPR. If you agree, please present to the Board for their approval at their April 2022 meeting.

POLICIES AND PROCEDURES

**SUBJECT: TUITION/CERTIFICATE/LICENSE
REIMBURSEMENT**

FILE UNDER SECTION NO.: 5

EFFECTIVE DATE: April 28, 2022

POLICY NO.: 504

SUPERSEDES: October 29, 2020

APPROVED:

POLICY

The Authority encourages its employees to continue their education to improve their current skills and knowledge so they can more effectively contribute to the Authority's overall goals and objectives. To that end, tuition reimbursement is available for those courses which will be of current or future value to the Authority, or that are part of a degree program that has been deemed to be of current or future value to the Authority. The Authority will also reimburse for courses leading to certificates or licenses which are directly related to the current job function or any position at the Authority.

Management Employee Eligibility: Regular, full-time, management employees with the exception of Central Pine Barrens staff members (and laboratory-union employees) actively employed by the Authority will be eligible for reimbursement under this program provided they have completed at least two months of service **prior** to the time the course(s) begins, and they have received all appropriate approvals **prior** to the time the course(s) begins.

Union Employee Eligibility: Regular, full-time, union employees (except laboratory employees) actively employed by the Authority will be eligible for reimbursement under this program provided they have completed at least two months of service **prior** to the time the course(s) begins, and they have received all appropriate approvals **prior** to the time the course(s) begins.

Scope of Education Program: The planned program of study should be one that will enhance the employee's effectiveness in their present position and in future possible work for the Authority. A program of selected job-related courses of study, or those courses required in the pursuit of an approved degree, certificate or license will qualify under this program.

The phrase "possible future work" means work in a position to which an employee could be promoted or transferred, based on the quality of work, experience, and education, both completed and proposed.

PROCEDURE

Approval Procedure: An employee who wishes to take advantage of this program should obtain a Tuition Reimbursement Form through the Human Resources Department. After completing the form, the employee must obtain the signature of his/her department head, and the appropriate Deputy Chief Executive Officer and return the completed form to the Human Resources Department **prior** to commencing any planned course work. The employee will be advised if their planned course work has been approved for reimbursement under this plan within five business days.

Management Employees

Reimbursement of Education Costs for Job Related Education (any position at the Authority): An amount equal to 100% of the tuition and laboratory fees will be reimbursed to the employee if a grade of “C” or better is attained. This policy *excludes registration fees, any other miscellaneous fees, costs of books, or transportation*. Reimbursement will be limited to \$10,000 per calendar year and a maximum of 12 credit hours per semester for management employees. All courses must be related to the degree curriculum and be accredited toward the targeted major. All Colleges and Universities must be accredited. The appropriate Deputy Chief Executive Officer and the Chief Executive Officer must approve any exceptions to this course load limit in advance. Upon attainment of an advanced degree, the management employee’s salary will be reviewed for an adjustment if warranted.

Reimbursement for Certificates and Licenses (Job Related - any position at the Authority): The Authority will reimburse Management employees for courses related to attaining a certificate or license which is directly related to their job function or a future position. An amount equal to 100% of the course, including one test fee, will be reimbursed to the employee upon presentation of a certificate of successful completion. Reimbursement will be limited to \$10,000 per year. Upon attainment of a professional license, the management employee’s salary will be reviewed for an adjustment if warranted. **Fees for attaining and renewing professional licenses and certifications directly related to the employee’s current position will be reimbursed by the Authority. If the management employee voluntarily terminates his or her employment, (except for “just cause” terminations), any reimbursements made to the employee within the past twelve months must be reimbursed (pro-rata) to the Authority.**

Reimbursement of Continuing Education Costs for Job Related Education: Additionally, the Authority understands that certain management employees hold certificates and licenses that are directly related to their job function and require continuing education credits. An amount equal to 100% of the course will be reimbursed to the employee upon presentation of a certificate of completion. Reimbursement will be limited to \$5,000 per year. This policy *excludes registration fees, any other miscellaneous fees, costs of books, or transportation, unless otherwise approved by the appropriate Deputy Chief Executive, Chief Human Resources Officer or Chief Financial Officer.*

Procedure for Reimbursement (Management Employees): Upon completion of course work, employees should submit all receipted bills and transcripts of grades to the Human Resources Department for processing. If the management employee voluntarily terminates his or her employment, (except for “just cause” terminations), any reimbursements made to the employee within the past twelve months must be reimbursed (pro-rata) to the Authority.

Union Employees

Reimbursement of Education Costs for Job Related Education (classes, courses or workshops) (any position at the Authority): An amount equal to 100% of the tuition and laboratory fees will be reimbursed to the employee if a grade of “C” or better is attained or presentation of a certificate of successful completion. This policy *excludes registration fees, any other miscellaneous fees, costs of books, or transportation*. Reimbursement will be limited to \$5,000 per employee for each half year for Union employees (except laboratory employees). All college courses must be related to the degree curriculum and be accredited toward the targeted major. All Colleges and Universities must be accredited. The appropriate Deputy Chief Executive Officer and the Chief Executive Officer must approve any exceptions in advance.

Procedure for Reimbursement (Union Employees): Upon completion of course work, employees should submit all receipted bills and transcripts of grades to the Human Resources Department for processing. In accordance with the Collective Bargaining Agreement, reimbursement is limited to \$5,000 each half year with a \$25,000 cap for all bargaining unit employees each half year. In June and December on a yearly basis, the Authority will review all requests for reimbursement and reimbursement amounts will be distributed equally among employees participating in the program up to the maximum amounts stated above.

If the union employee voluntarily terminates his or her employment, (except for “just cause” terminations), any reimbursements made to the employee within the past two years must be reimbursed (pro-rata) to the Authority.

Assistance Under Other Programs: Employees receiving financial assistance under other programs such as programs providing financial education assistance in exchange for military service, are not eligible for dual coverage, but may be eligible for an amount equal to the maximums specified for tuition costs provided that the total reimbursement from all aid programs do not exceed 100% of the tuition and laboratory fees.

Public Employees’ Loan Forgiveness Program:

Some employees may qualify under The Public Service *Loan Forgiveness* (PSLF) Program which forgives the remaining balance on your Direct Loans after you have made 120 qualifying monthly payments under a qualifying repayment plan while working full-time for a qualifying employer. For more information, please visit: <https://studentaid.ed.gov/sa/repay-loans/forgiveness-cancellation/public-service> or contact your student loan provider.

SUBJECT: *IFMA Registration for Facilities Employees*

The International Facility Management Association (IFMA) supports Facilities Management professionals by providing exceptional services, products, benefits, and opportunities, including educational courses, credentialing, government relations, professional/leadership development, industry research and standards development.

We are requesting that the board approves the membership of at least three members of the SCWA Facilities Department to the IFMA annually. This will allow the Facilities Department professionals to enhance their current knowledge, receive accreditations, and attend conferences related to Facilities management.

Membership provides valuable discounts to conferences and accreditation courses. Currently I hold an accreditation as a Facilities Management Professional (FMP) and it is my hope to expand upon my own certifications and have other members of the department be further educated and receive accreditation as well.

The current cost per membership is \$219 dollars annually. The total cost for the SCWA will be \$657 annually in 2022/2023.

We respectfully request the IFMA memberships for the Facilities Department be submitted to the SCWA Board for approval.

FROM: Nicholas Swain, Safety Supervisor
SUBJECT: *ASP and CSP Certifications*

The Board of Certified Safety Professionals (BCSP) sets and certifies the technical competency criteria for Safety employees around the world. BCSP offers several certifications and licensing programs that all aim to advance the safety profession through education and protecting people.

Many companies and Utilities aim to have their Safety teams credited by the BCSP. Achieving the CSP (Certified Safety Professional) demonstrates that the candidate has achieved the gold standard of safety and health credentials. Getting the CSP would help SCWA improve the safety culture through learning new techniques and standards on implementing safety management systems, making worksite assessments to determine risks, assessing potential hazards and controls, evaluating risks and hazard control measures, investigating response plans, and many other safety duties.

The requirements of receiving a CSP includes A bachelor's degree, 4 years of safety experience, receiving their ASP (Associate Safety Professional) certification, passing the exam, and maintain the active certification.

Currently, I do not have my ASP. I am eligible for the ASP certification assuming my application would be accepted. There are fees associated with the application, study material and exam. I broke down the fees below. **ASP**

- Application: \$160
- Exam: \$350
- Course/Study Material: \$999

CSP*

- Application: \$160
- Exam: \$350
- Course/Study Material: \$999

*The CSP cannot be applied to until after completion of the ASP. **The total cost of both certifications and materials is \$3,018.**

I would like to start working on these certifications as soon as I can so that I may better serve SCWA's mission and keep our employees safe.

If you concur, please arrange this to be on the agenda for the next board meeting.

Thank you,

Nicholas Swain

INTEROFFICE CORRESPONDENCE

DATE: April 20, 2022
TO: Jeffrey Szabo, CEO
FROM: Joseph M. Pokorny P.E., Deputy CEO Operations 
SUBJECT: AWWA 2022 Annual Conference in San Antonio, Texas

I am requesting approval to send Andrew Donnelly, Assistant Superintendent in Production Control along with Steve Scala, Construction and Maintenance Field Supervisor and Henry Gobrick, Construction and Maintenance Junior Engineering Technician to the AWWA Annual Conference and Exhibition in San Antonio, Texas from June 12-15, 2020.

This is AWWA's annual, national event and the conference has a lot to offer operations employees due to breadth of the technical programs and the size and scope of the vendor exhibits showcasing industry products and services. It is also a good opportunity to interact with water professionals from across the country and the world while obtaining continuing education units towards maintaining their NYS water plant operator licenses.

The total cost of attendance for the 4 days is approximately \$2,750 per person which includes air transportation, four nights hotel, meals and registration (the registration cost is \$895). A portion of the brochure is attached with information regarding the topics covered at this conference. If this meets with your approval, please place this on the agenda for the April members meeting.
