Please be aware that Executive Order 205 places quarantine restrictions on travelers arriving into New York.

The list of restricted states can be found on the NYS Department of Health website <https://coronavirus.health.ny.gov/home>. There are currently 16 states listed:

- | | |
|------------|----------------|
| Alabama | Louisiana |
| Arkansas | Mississippi |
| Arizona | Nevada |
| California | North Carolina |
| Florida | South Carolina |
| Georgia | Tennessee |
| Iowa | Texas |
| Idaho | Utah |

Under this Order, if you travel to one of the listed states you will be required to quarantine for 14 days upon your return. There are a few exceptions based on the length of time you are in the listed state.

If you are planning to travel this summer, please review this website for updated information.

Please note that SCWA may require its essential workers return to the workplace before 14 days, with certain restrictions. These include a requirement to be tested for COVID-19 within 24 hours of arrival back to New York to ensure you are not positive. You will then be authorized to return to work if you monitor your temperature and signs of symptoms, wear a face covering, maintain social distancing, and clean and disinfect your workspaces for 14 days. You will also be required to avoid extended periods in public, contact with strangers, and large congregate settings for a period of at least 7 days.

We will continue to monitor guidance as it becomes available from the Department of Health and the Department of Labor.

Please post on all Authority bulletin boards.
